

CITY OF OREM

FIRE DEPARTMENT

Business License Applicant,

As part of your business license application process, you will need an inspection from Orem Fire Department to insure International Fire Code Compliance. There are several things the Fire Inspector may check. The list below is an example of the common things an Inspector may look for. Because of the various business types and locations of businesses in the City, it would be impossible to list everything that may be required for each business. Feel free to use this list as a guide prior to setting up an appointment for inspection.

- Address on the Building and Visible from the Street.
- Proper Exits from the Building that are Unobstructed.
- No Open Circuit Breaker Spaces in the Electrical Panel.
- Circuit Breakers need to be Labelled and the Panel Accessible.
- Proper Storage of Oily Rags, Paint and other Hazardous Liquids or Gases.
- 36 inch area around Heaters and Water Heaters are clear of debris and storage items.
- Proper Fire Extinguishers (most are 2A 10BC) (Inspected and Tagged every year)
- Sprinkler Systems (where applicable) (Inspected and Tagged every year)
- Fire Alarm systems (where applicable) (Inspected and Tagged every year)
- Hood Systems (where applicable) (Inspected and Tagged every 6 months)

The Orem Fire Prevention Bureau looks forward to working with you to make your new business a success. If you have any questions about Fire Safety you can email: fireprevention@orem.org, and once you are ready for a final inspection, please go to this site: <https://orem.org/fireprevention> to set a time for your inspection.

Thank You for your attention to safety and Good Luck with your new business!

95 East Center Street, Orem, Utah 84057
