Budget Message

June 10, 2025

To the City of Orem Mayor, City Council, and Citizens:

It is a pleasure to present the Fiscal Year (FY) 2025-2026 Adopted Budget to you. The State of Utah has established a two-step budget adoption process. Step one is the adoption of a Tentative Budget. This step was completed at the Orem City Council meeting on May 13, 2025. The second step is to hold a public hearing to adopt the final FY 2025-2026 budget, which will occur on June 10, 2025, in the City of Orem Council Chambers at 56 North State Street, Orem, UT. The communication contains an overview of the FY 2025-2026 Adopted Budget. Additional details are available from Brandon C. Nelson, CPA, Finance Director, who oversees the preparation of this document.

The budget is the financial plan for the 2025-2026 fiscal year (July 1, 2025, through June 30, 2026). It represents the financial guidance necessary to prudently implement the goals and plans of the Mayor and City Council. The budget is built with a conservative mindset of underestimating revenues and overestimating expenses. Management and administrative controls monitor all revenue collections and expenditures throughout the year. Safeguards have been developed to monitor, authorize, and analyze expenditures. These processes and safeguards enable staff to quickly amend the budget, allowing the City to respond to any unanticipated changes or economic circumstances as they arise.

BUDGET GUIDING PRINCIPLES

The Mayor and City Council have directed staff to prepare budgets consistent with the following guiding principles:

- City Council - Incorporate the policies and vision of the Mayor and City Council.
- Self-Sustaining - Enterprise funds should be self-sustaining.
- One-Time Money - One-time revenues are used for one-time expenses.
- Ongoing Money - Utilize sustainable revenue streams to pay for ongoing expenses.
- Asset Management - Develop capital facility master plans for buildings, utilities, and other significant City resources. Master plans should include strategic operations, maintenance, and replacement guidelines with supporting financial plans. Financial plans should justify rate structures that support the implementation of a master plan. Adopt rate structures that support implementing a master plan over five years and then update them.
- Compensation - Develop and implement a market-driven compensation plan to attract and retain top-quality employees.
- Vehicle replacement - Fund an annual vehicle replacement plan that prioritizes the replacement of qualified vehicles.
- Revenue Sources - Regularly evaluate the health of revenue sources. The General Fund should be supported by diverse and stable revenue sources that collectively do not result in dramatic fluctuations over time.
- Reserves - Develop and maintain healthy enterprise fund reserves to sustain the impacts of emergencies. Manage healthy General Fund reserves consistent with state law.
- Planning - Plan with the big picture in mind. Provide a means for employees across departmental lines to consult with one another during planning processes. Seek community input through various means (for example, social media outlets, surveys, and open houses).
- Debt - Debt will be issued for projects not reasonably funded on a pay-as-you-go basis. For example, projects that provide services over multiple generations would target debt in order to share the financial burden more equitably for several decades. A pay-as-you-go scenario may only be accepted if doing so would require cutting services or increasing service fees to a level that is impractical.

MAYOR & CITY COUNCIL "AREAS OF FOCUS"

The Mayor and City Council govern in a manner consistent with the City's budget guiding principles and particular "Areas of Focus" reviewed annually. The current City Council's "Areas of Focus" were developed before the budget process so City staff could consider these priorities in their FY 2025-2026 operational expansion requests and department goals. They include the following:

- Align the interests of the City Council, city employees, and the community with a focus on Family City USA - the benchmark for all Orem decision-making.
- Safe, Livable, Connected, and Engaged Neighborhoods
- Thriving and Balanced Business Environment
- Dependable Infrastructure
- Community-focused and Effective Government
- Skilled and Talented Workforce

ECONOMIC OVERVIEW

A sustainable budget provides for operations, human resources, and capital investment sufficient to meet the service-delivery needs and expectations of the citizens of Orem. This effort requires a stable mixed revenue stream that can weather the inevitable fluctuations of the economy without causing dramatic swings in service levels.

The local economy remains resilient, and as such, the City expects sales tax and other revenue sources to remain stable, with only small to moderate increases. While the City is not immune to the inflationary and supply shortage pressures felt throughout the nation, these constraints appear to be easing slightly. The City still continues to see longer than usual lead times for many products and materials but it continues to improve (especially with new vehicles).

While the labor market has improved substantially, the City has continued to find it difficult to hire personnel in certain key high market demand positions. At the same time, the City has been navigating this by launching a successful apprenticeship program for many entry-level positions and offering incentives for lateral hires with extensive experience.

Additionally, the City has added positions to the Hybrid Step Program, providing growth opportunities for employees seeking to advance their careers within the City. The City is closely monitoring the labor market to stay competitive while also finding new efficiencies in the delivery of services to the community in the most fiscally responsible manner possible.

REVENUE HIGHLIGHTS

Some service fee increases are requested to align various services more closely with their respective delivery costs. Each increase is highlighted in this document's Fees and Charges section.

In the General Fund, sales tax revenues for FY 2024-2025 are expected to grow very minimally to \$32.2 million (FY 2023-2024 was \$31.8 million). Sales tax revenues for FY 2025-2026 are anticipated to grow but by a very nominal amount to \$32.8 million. Given recent market conditions and economic forecasts, the City does not feel confident in budgeting a significant sales tax revenue increase and thus, has chosen to be quite conservative in its projection.

The City has increased its contracted fees for fire and EMS services by approximately \$785,000, fire inspection fees by \$160,000 and athletic field rental fees by \$273,000. Various allocations for services from other funds increased by approximately \$923,000. Utopia continues to grow and improve which is expected to increase their reimbursement payment to the City by about \$100,000.

Due to extraordinary construction inflation and more stringent federal water quality standards, the City's water, sewer, and storm water rates will need to increase to offset these costs.

- Base Rates - the proposed water base rates are set at 3.0% for all meter sizes and classifications, while the sewer base rate will need to increase substantially (28.5%) in preparation for Phase 1 capital facility improvements at the 66-year-old Orem Water Reclamation Facility. Many of the facility upgrades are the result of aging infrastructure and strict federally mandated wastewater nutrient standards.
- Use Rates - water use rates will increase for each tier, ranging from \$0.03 to \$0.05 per 1,000 gallons, or 2.7% to 3.4%. Sewer use rates will increase by 1.9%. Storm water equivalent service unit (ESU) fees are scheduled to increase to \$9.00 per ESU per month from the current fee of \$8.49. This is a 6.0% increase.
- New Jordanelle Water Supply Fee - water supply impact fees have historically covered the cost of water from Jordanelle Reservoir but with new development growth decreasing and thus, shrinking impact fee revenue, it has become necessary to add a new fee to cover the cost of this contracted water supply. The new fee for a standard ¾" meter is proposed to be \$2.91 per month. Rates for other meter sizes will follow the AWWA multiplier.
- New Deer Creek Fee - the Deer Creek Reservoir needed a significant capital investment to continue safe operation. Orem City's share of these capital improvements require a new fee to cover these costs. The new fee for a standard ¾" meter is proposed to be \$0.86 per month. Rates for other meter sizes will follow the AWWA multiplier.

EXPENDITURE HIGHLIGHTS

OPERATIONS

The operational portion of the budget has been adjusted in several areas, with all requests aligned with the Mayor and City Council's "Areas of Focus." Departments recognize where they can address these areas of focus within their departments and strive to request improvements that meet the Mayor and City Council's desires as we move into the future. There are many needs to improve facilities and technology infrastructure, but many opportunities to obtain state and federal funding for various City projects.

The following table highlights the operational changes included in this fiscal year's budget:

Item	Explanation	Cost
Police - Reporting Software using AI	Software using AI technology to draft police reports, reducing admin time and increasing community availability.	\$92,000
Police - Patrol Rifle Replacement	Funding replacement of rifles for the patrol division over a five year period.	\$ 20,000
Library - Admin Area Remodel	Funding to remodel the administrative area in the library.	\$ 90,000
IT - Password Manager Software	Continued rollout of password manager software.	\$ 15,000
IT - ADC & Policy Software	Software for automated data classification and policy enforcement.	\$ 40,000
Water - Maintainer Vehicle	Vehicle to support operations at the new Heritage Park and water storage tank.	\$ 87,000
Water - J.D. Gator Utility Vehicle	Equipment to support operations at the new Heritage Park and water storage tank.	\$ 26,000

PERSONNEL

To keep the City's compensation program aligned with the current work environment, market adjustments are recommended to the wages of City employees, effective July 1, 2025.

As in years past, recommended market compensation changes are reflective of adjustments made in similar public and private organizations that perform similar work. The noted market changes are supported by an updated compensation and benefits study completed by the City's Management Services Department.

In addition, funding for the City's Hybrid Step Program and its merit-based compensation plan for the remainder of the organization's workforce is also included in this fiscal year budget.

To meet increasing service demands, the following full-time benefited personnel additions have been included in this budget:

Position	Explanation	Cost
Firefighter/Paramedics (3)	Supports Vineyard services contract	\$ 204,000
Training Facility Division Chief	Supports new training facility	\$ 136,014
Deputy Fire Marshal	Supports fire inspection program	\$ 111,171
GIS Technician	Supports enterprise funds needs	\$ 82,796
Public Works Technician	Supports new Heritage Park operations	\$ 79,296

FLEET

This budget includes programmed fleet replacements of \$2,869,350 across all City funds and departments. Vehicles replaced are consistent with the City's fleet program, prepared annually by the Fleet Division in the Public Works Department. Beyond vehicle replacement, the FY 2025-2026 Adopted Budget also includes accumulating funds over multiple years to eventually purchase larger, more expensive equipment, including fire apparatuses, jet/vac trucks, street sweepers, backhoes, excavators, and other similar pieces of equipment.

INFRASTRUCTURE & OTHER CAPITAL ITEMS

A vital element of the Mayor and City Council's stewardship is the maintenance of infrastructure, including streets, parks, utilities, and other essential facilities. The City's capital program funding is generated from a mix of General Fund reserves and ongoing revenues from the City's enterprise funds. The funding sources also often include CARE Tax funding and grants from various federal, state, or private organizations. The capital replacement program reflects recommendations in each of the City's capital infrastructure replacement programs, including water, storm, and wastewater master plans. The General Fund portion of the capital program is adopted annually through a budget amendment in June. The Enterprise Funds portion of the capital program is included in this budget document.

The City's combined total Capital Budget for FY 2025-2026 amounts to \$28,088,821. Not every city has this level of capability or support for reinvesting in itself, and Orem is very fortunate to be able to prioritize a wide variety of capital needs.

Some of the highlights include various park improvements such as new playgrounds, pickleball courts, tennis courts, and an all-purpose court at Windsor, Community, Cherryhill, and Foothill parks, totaling \$1,625,000. Other parks improvements include landscaping, benches and trash cans, monument signs, trailhead creation, fencing and sidewalk leveling totaling \$1,025,500. Various facilities improvements including roofs, boilers, chillers, and parking lots are also included in the City's capital funding totaling \$885,000. A complete review of the City's capital program can be found in the Capital Summary section of this document, which includes anticipated capital expenditures for fiscal years 2026-2030.

SUMMARY

Through adherence to sound financial principles and the efforts of the City's dedicated workforce, the City of Orem has navigated the current uncertain macroeconomic environment in a proactive and conservative manner. These sound financial principles will help the City persevere through the current economic challenges.

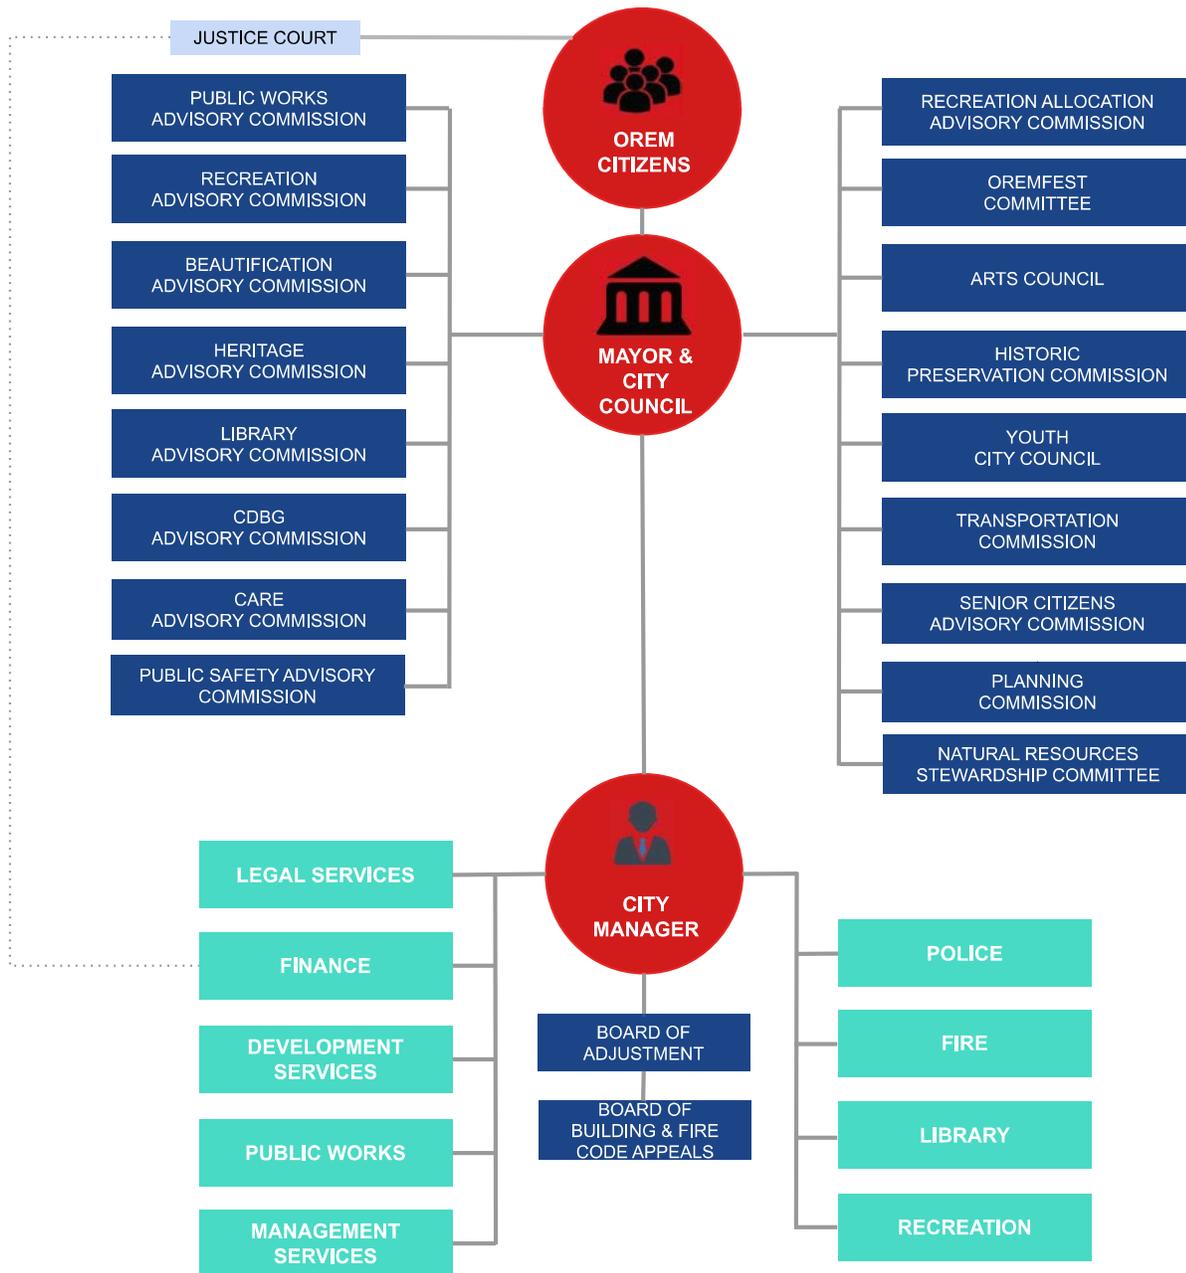

If you have questions about the City's Fiscal Year 2025-2026 Adopted Budget, I invite you to contact Brandon C. Nelson, CPA, Finance Director, or me at your convenience.

Respectfully Submitted,

Brenn Bybee
City Manager

OVERVIEW

Budget Timeline

Overview of the Budget Process

The City of Orem's budget process is a structured, transparent, and policy-driven cycle designed to align financial resources with community priorities. Preparation for the FY 2026 Budget involved a collaborative process among City departments, executive leadership, the Mayor and City Council, and the community. The process ensures that financial decisions are made thoughtfully, comply with Utah State law, and reflect the City's strategic goals.

The budget is developed annually in accordance with the Utah Uniform Fiscal Procedures Act (Utah Code Title 10, Chapter 6), which establishes requirements for the preparation, presentation, public notice, and adoption of municipal budgets.

Internal Budget Preparation Process

The internal budget process for FY 2026 began in early January 2025 with the following key activities:

- **Base Budget Development:** Finance and IT staff populated the base budget, incorporating debt service obligations, internal service fund allocations, and initial cost allocation preparations.
- **Departmental Budget Entry:** Departmental staff were granted access to budget systems to update and adjust base operational funds.
- **Budget Kickoff Meeting:** Executive Staff and Division Managers convened to review budgetary expectations, fiscal constraints, and service level priorities.
- **Fee and Charge Review:** Departments submitted proposed fee changes by the end of January, which were reviewed by the Budget Sub-Committee.
- **Expansion Requests:** Departments submitted operations and capital expansion requests by February 19, 2025.
- **Compensation Analysis:** Human Resources provided a compensation package focused on maintaining the City's hybrid step system and targeted market adjustments.

Throughout February and March, internal meetings between departments, the Finance Department, and the Budget Sub-Committee were held to refine revenue projections, review operational requests, and align priorities with available resources.

Public Input and Transparency

The City of Orem encourages robust public participation in the budget process through several opportunities:

- **City Council Work Sessions:** Held on March 25, April 8, and April 22, 2025, these sessions focused on revenue projections, compensation strategies, operational changes, Fleet and IT reviews, and the Capital Improvement Plan (CIP).
- **Tentative Budget Adoption:** On May 13, 2025, the City Council adopted Tentative Budgets for the City, the Redevelopment Agency (RDA), the Municipal Building Authority (MBA), and the Special Service Lighting District (SSLD).
- **Public Hearings:** Following the publication of notices, public hearings were scheduled to allow community members to provide input on both the Tentative and Final Budgets.
- **Utility Bill Notifications:** Notices of budget hearings and tentative adoption were included in City utility bills, further expanding public outreach.

Conclusion

The City of Orem's budget process for FY 2025-2026 reflects a commitment to responsible stewardship, open communication, and legal compliance. Through a combination of internal collaboration, public engagement, and adherence to statutory requirements, the City ensures that the budget remains a transparent and strategic tool for achieving the community's long-term vision.

TOTALS	\$ 150,916,199	\$ 26,198,450	\$ 300,000	\$ 177,414,649

Most of the City's funds are supported by taxes such as sales tax or property tax in the General Fund or utility charges such as water sales in the Water Fund. However, certain funds such as the Debt Service, Fleet Maintenance, Self-Insurance, Information Technology, and Facilities Maintenance funds receive all or a majority of their operating revenues through transfers from other funds. For the current fiscal year, the city-wide operating revenues total \$177,414,649 but only \$150,916,199 represents collections of new revenues.

Utility and Tax Rate Comparison

The following two pages contain a series of comparisons between the City of Orem and other Utah County cities and cities similar to the City throughout the state.

The purpose of these comparisons is to show how the City ranks against other cities for utility rates and tax levies. Although many cities calculate their utility fees and charges differently than the City of Orem, we have endeavored, as much as possible, to make a reasonable comparison.

For example, to compare water and sewer rates we have calculated the comparison using the water and sewer usage of an average City of Orem residential customer. The average City resident has a $\frac{3}{4}$ inch water meter, uses 28,000 gallons of water per month, and has an average sewer consumption of 9,000 gallons per month.

We calculated property tax levies based on the average City of Orem home value assessments. The average home value assessment is \$503,000.

The numbers used to generate the figures for other cities were derived from contacting the cities in the survey or by accessing information from the appropriate web sites.

The City of Orem amounts/rates INCLUDE any proposed fee or tax increases, while the amounts/rates listed for other cities are shown at what they currently charge.

* Water is based on the City of Orem average residential use of 28,000 gallons per month with a 3/4 inch meter. For cities who do not provide 3/4 inch meters, data for the smallest available meter was used. For cities that charge varying secondary rates based on lot size, an average lot size of .33 acre was assumed.

** Sewer is based on the City of Orem average residential use of 9,000 gallons per month.

*** The cable television franchise tax rate is set at 5% by Federal Statute and the Utah Municipal Telecommunications License Tax is set at 3.5% by State Statute. Neither rate is included in this comparison table since tax laws render them meaningless.

1. This city has pressurized irrigation (secondary) water for some or all of its residents. For these cities, a mix of 12,000 gallons of culinary water to 16,000 gallons of pressurized irrigation (secondary) water was assumed. Average rates were determined based on the percentage of residents with access to pressurized irrigation (secondary) water.

2. The City of Orem includes two free transfer station passes.

GENERAL FUND

Overview

Fund Classification

The General Fund is classified as a governmental fund and serves as the primary operating fund of the City of Orem. Governmental funds are used to account for activities primarily supported by taxes, grants, and other general revenue sources. The General Fund accounts for the core services that are not required to be reported in another fund type.

Fund Purpose

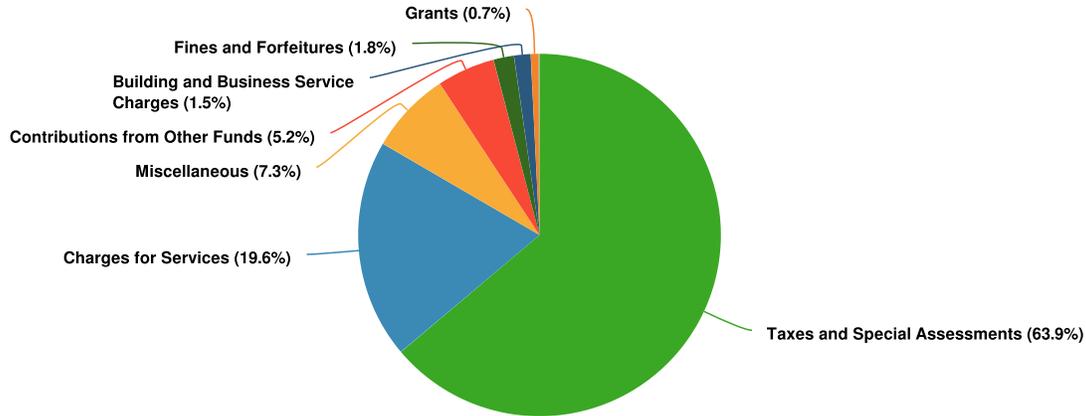

The General Fund represents the largest portion of the City's budget. It is used to account for all financial resources not otherwise accounted for in specific-purpose funds. The General Fund supports a wide array of essential services that are vital to the day-to-day operations of the City and to the quality of life for residents.

These services include, but are not limited to: Public Safety, Public Works Operations, Parks, General Government Administration, Community Services and Public Information.

Revenues by Source

Revenue estimates for the FY 2026 Budget are based on a combination of trend analysis, external economic data, and departmental input. These projections reflect current economic conditions, recent revenue performance, and anticipated policy or development changes. Conservative forecasting principles are used to ensure fiscal stability while providing the necessary resources to maintain core services.

Mayor and City Council

The Mayor presides at all council meetings and serves as Chairperson. The Mayor executes all bonds, notes, contracts, and written obligations of the City, as required by law. The Mayor represents the City in its external affairs and acts as the City's chief ceremonial officer. The Mayor makes appointments to advisory boards, commissions, and committees. The Mayor has all of the same powers, duties, and privileges as other City Council members.

City Council members determine City policy directives by passing, modifying, or repealing ordinances and/or resolutions. They appropriate funds for City operations and authorize the issuance of bonds and other debt instruments. They are to hold regular meetings in accordance with Utah State law. They appoint, evaluate, and remove, if necessary, the City Manager.

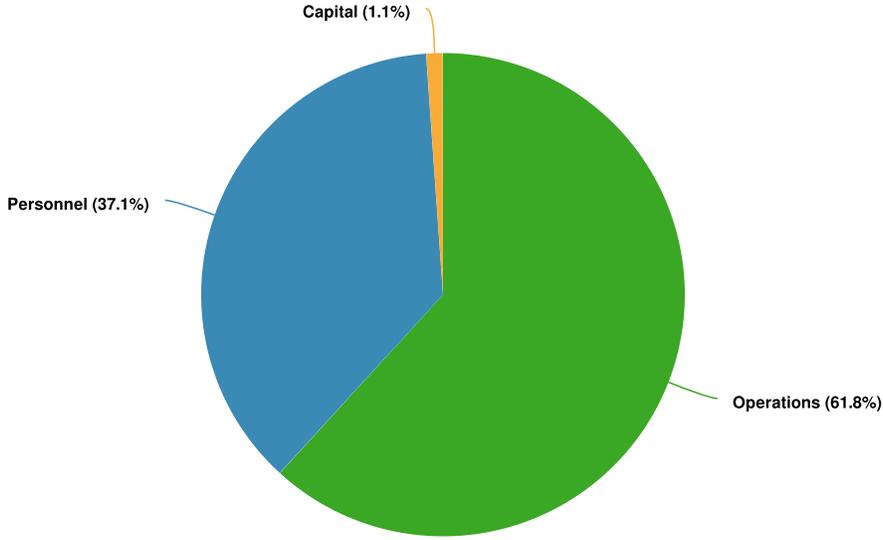

The Mayor and City Council department includes the following divisions:

- Mayor and City Council
- Community Promotion
- Advisory Boards and Commissions

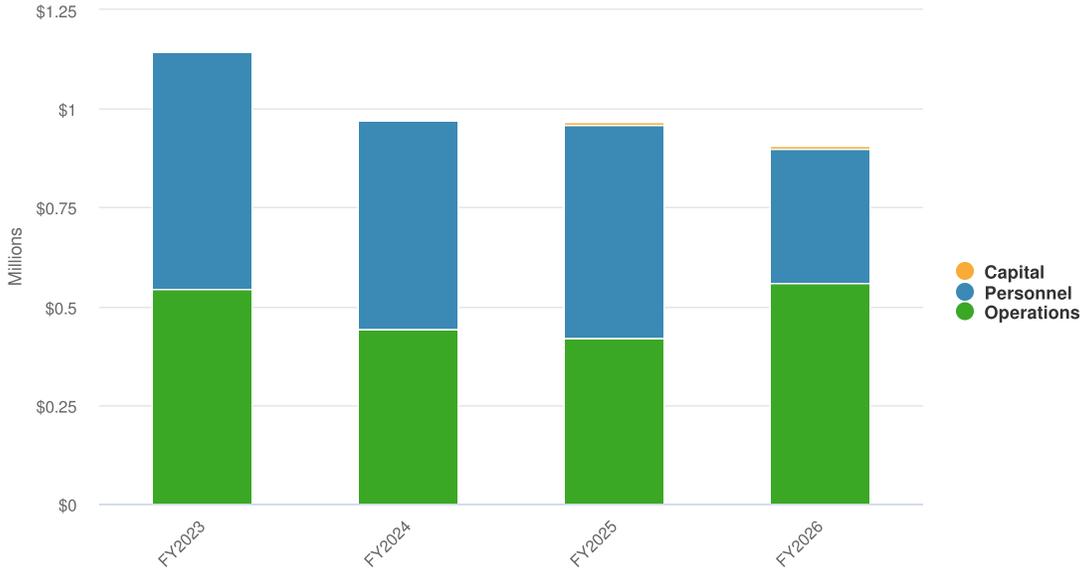

The Mayor and City Council members participate in various commissions, committees, and councils. They include, but are not limited to, the following: Planning Commission, Beautification Advisory Commission, Arts Council, Heritage Advisory Commission, Historic Preservation Commission, Public Works Commission, Library Advisory Commission, Recreation Advisory Commission, Senior Citizens Advisory Commission, Natural Resources Stewardship Committee, Youth City Council, Oremfest Committee, CARE Advisory Commission, CDBG Advisory Commission, and the Transportation Commission.

City Manager's Office

Brenn Bybee
City Manager

The City Manager's Office serves as the central administrative hub of the City of Orem's government and plays a vital role in implementing the Mayor and City Council's policies, priorities, and vision. Operating under the Council-Manager form of government, the City Manager functions as the city's Chief Executive Officer, responsible for the day-to-day administration of municipal operations and the coordination of all departments.

The City Manager is appointed by the City Council and is charged with executing City policy, preparing and overseeing the annual budget, and leading Orem's professional staff. The office works to ensure that municipal services are delivered efficiently, effectively, and in alignment with both short-term community needs and long-term strategic goals.

Among its core responsibilities, the City Manager's Office provides oversight of all operating departments, ensuring high levels of performance, compliance with City ordinances and state law, and alignment with established performance standards. The office acts as a liaison between elected officials and administrative staff, facilitating clear communication, coordinated planning, and effective implementation of Council directives.

The City Manager's Office also plays a key role in:

- Preparing and presenting the annual budget and capital improvement plan to the City Council
- Producing regular administrative and financial reports, including performance metrics and operational updates
- Supporting policy development, strategic planning, and long-range initiatives
- Promoting transparency, accountability, and responsiveness across all City functions

Additionally, the office coordinates interdepartmental efforts and provides direction on complex projects that cross organizational boundaries. The City Manager and supporting executive staff are often involved in community engagement, intergovernmental relations, and regional collaboration with neighboring cities, agencies, and stakeholders.

The City Manager's Office also works closely with department directors to:

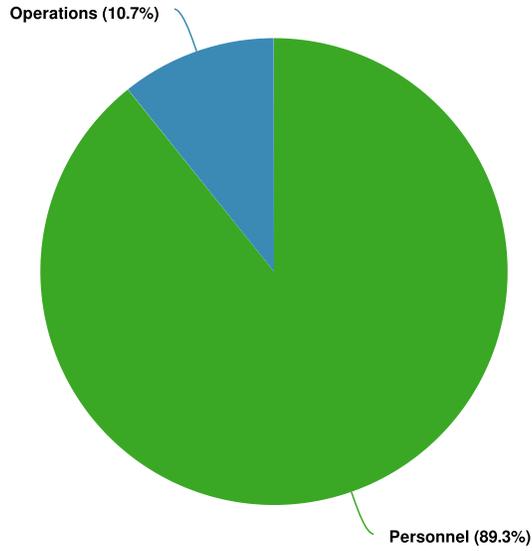

- Foster a culture of professionalism, customer service, and innovation
- Promote workforce development and internal leadership capacity
- Identify cost-saving opportunities, efficiencies, and process improvements

The City Manager's Office prepares a variety of special reports and presentations for the Mayor and City Council, providing context, analysis, and recommendations on emerging issues and major initiatives. In addition, the City Manager's Office plays a pivotal role during emergencies or critical incidents, ensuring coordinated response efforts and continuity of government.

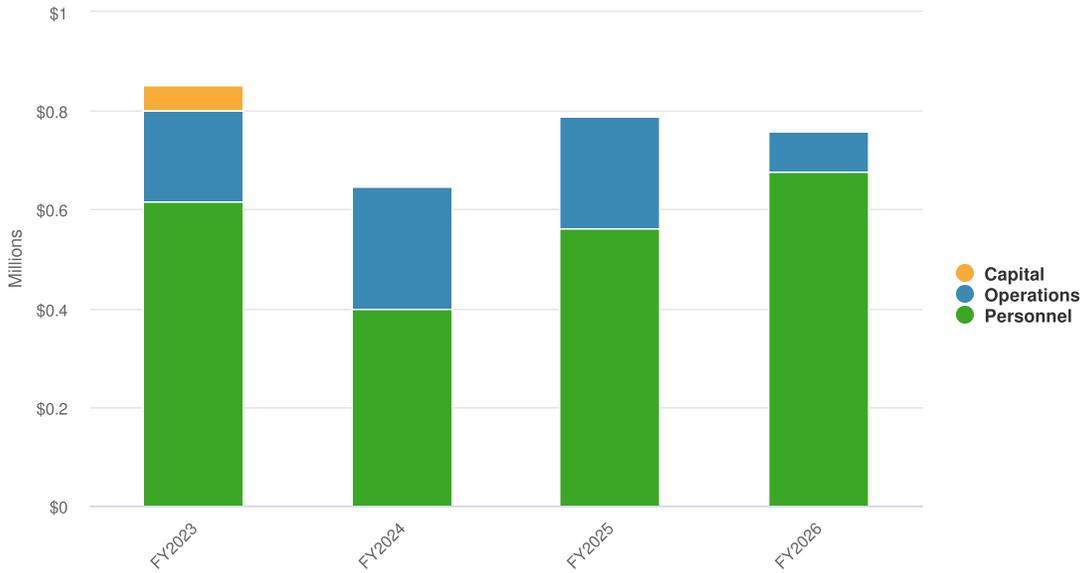

Ultimately, the City Manager's Office serves as the operational backbone of City government, providing trusted leadership, professional management, and strategic guidance to advance the community's well-being and maintain Orem's high standard of service delivery.

Management Services

Keri Rugg
Deputy City Manager

The Management Services department provides Human Resources, Risk Management, and IT services to all departments of the City along with the administration of the City Recorder's Office and Public Information Office.

The Management Services department includes the following divisions:

- Management Services Administration
- City Recorder
- Information Technology (Information Technology Fund)
- Human Resources
- Strategy & Innovations
- Risk Management (Self-Insurance Fund)
- Communications
- Orem Community Foundation (Orem Foundation Trust Fund)

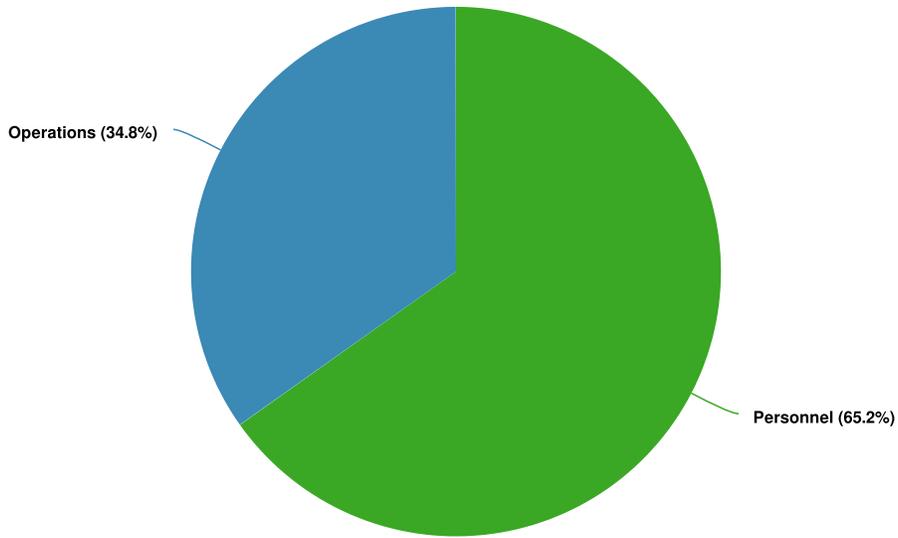

The Management Services Department serves as a support hub for the City of Orem, ensuring that the foundational functions of governance, communication, innovation, and internal service delivery operate efficiently. Through its wide range of divisions, the department provides essential administrative and strategic services that support every other department in the organization.

From overseeing City records and managing personnel systems, to delivering reliable information technology infrastructure and guiding innovation initiatives, Management Services plays a key role in both day-to-day operations and long-term planning. The department also manages public outreach through the Communications Office, administers risk mitigation programs through the Self-Insurance Fund, and coordinates charitable giving and community support through the Orem Community Foundation.

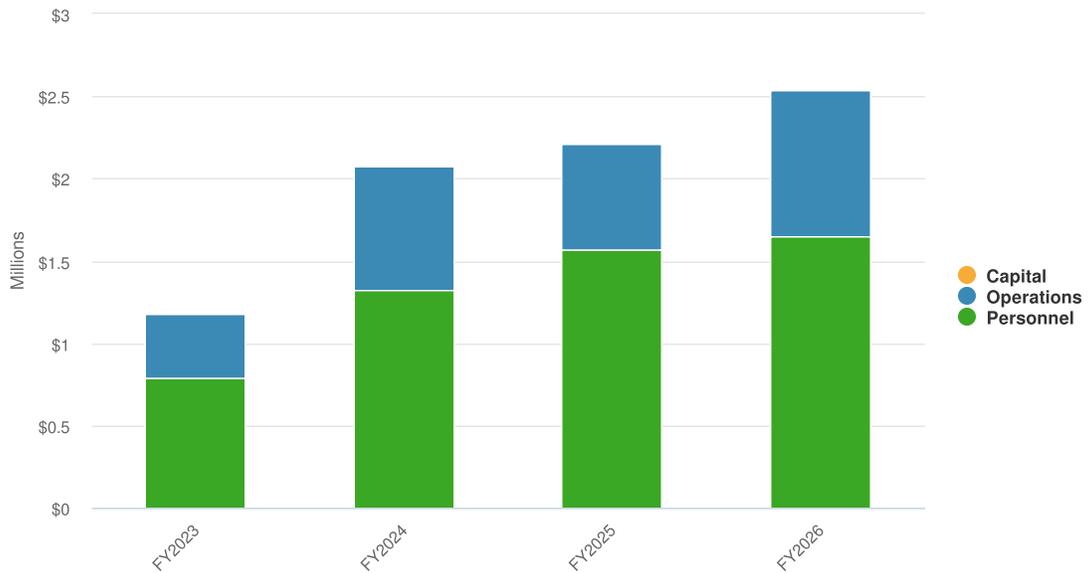

With a focus on transparency, efficiency, and service excellence, Management Services helps ensure that the City's workforce is empowered, its systems are secure, and its public-facing efforts are consistent and community-focused.

Finance

Brandon Nelson, CPA
Finance Department

The Finance department provides treasury, accounting, budgeting, payroll, utility billing, accounts receivable, procurement, and warehousing services to all departments of the City along with the administration of the Justice Court.

The Finance department includes the following divisions:

- Finance Department Administration
- City Treasurer
- Debt Service (Debt Service Fund)
- 311 Services / Utility Billing
- Accounting & Budget
- Accounts Receivable
- Purchasing (Purchasing & Warehousing Fund)
- Liaison to the Justice Court

The Finance Department is at the core of the City's financial integrity and operational accountability. By providing financial management services, the department ensures that public resources are safeguarded, fiscal decisions are well-informed, and daily transactions are processed efficiently and accurately.

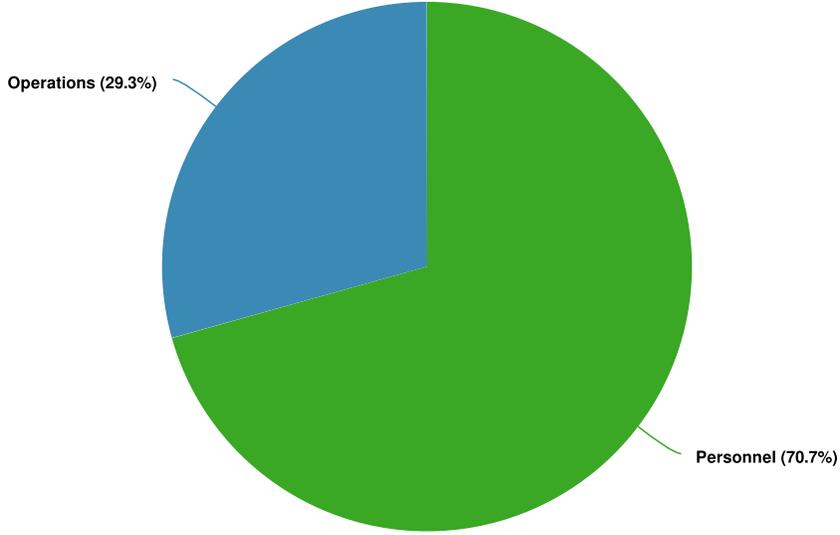

Finance oversees routine operations, such as payroll, utility billing, and accounts receivable, as well as strategic planning functions like budgeting, debt management, and long-term financial forecasting. The department also supports City departments through procurement, warehousing, and contract administration to maintain responsible purchasing practices.

In addition, Finance plays a key role in supporting residents through the 311 Services team and serves as a liaison to the Orem Justice Court, ensuring coordination and support for court-related financial processes.

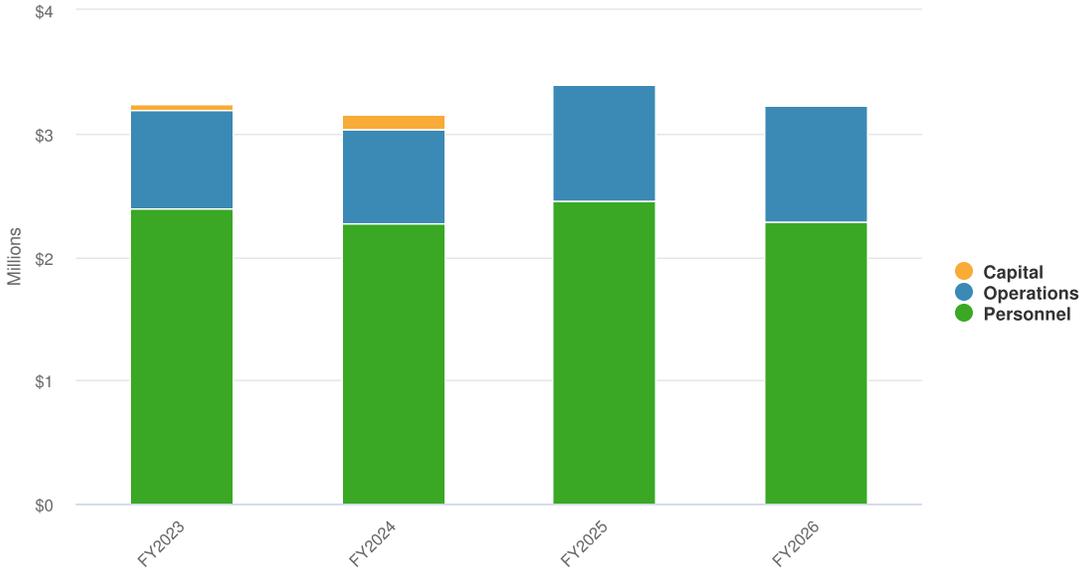

With a strong emphasis on transparency, compliance, and customer service, the Finance Department upholds the City's fiscal health while enabling high-quality services across the organization.

Legal Services

Steven Earl
City Attorney

The Legal Services department provides legal counsel and support to the Mayor and City Council, City Boards, Commissions, and Agencies, the City Manager, and all City departments. They attend all meetings of the City Council, Planning Commission, and Board of Adjustment.

The department prosecutes all misdemeanor crimes committed in Orem. These crimes include domestic violence, DUI, assaults, disorderly conduct, drug and alcohol violations, lewdness, shoplifting and other thefts, nuisances, and animal violations. They also prosecute all traffic violations such as driving without insurance or on a suspended license, reckless driving, and moving violations such as speeding.

The Legal Services department consists of the following divisions:

- Administration
- Prosecution
- Civil

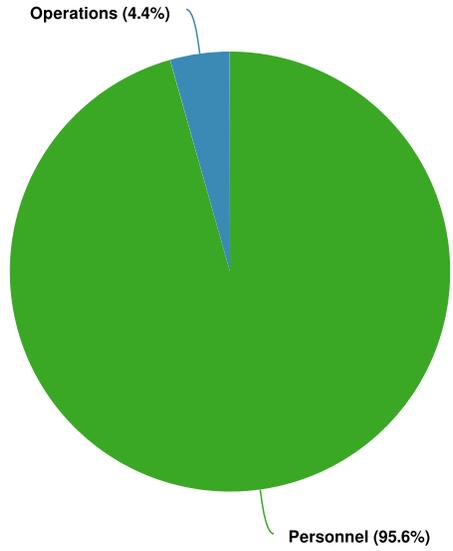

The Legal Services Department safeguards the legal and ethical foundation of City governance and operations. By providing expert legal counsel and representation, the department ensures that the actions of the Mayor, City Council, boards, commissions, and departments are consistent with local, state, and federal law.

Its civil division supports policy development, drafts ordinances and contracts, reviews agreements, and advises on legal risks and compliance. The prosecution division upholds public safety and community standards by prosecuting misdemeanor offenses, handling a broad range of criminal and traffic cases in the Orem Justice Court.

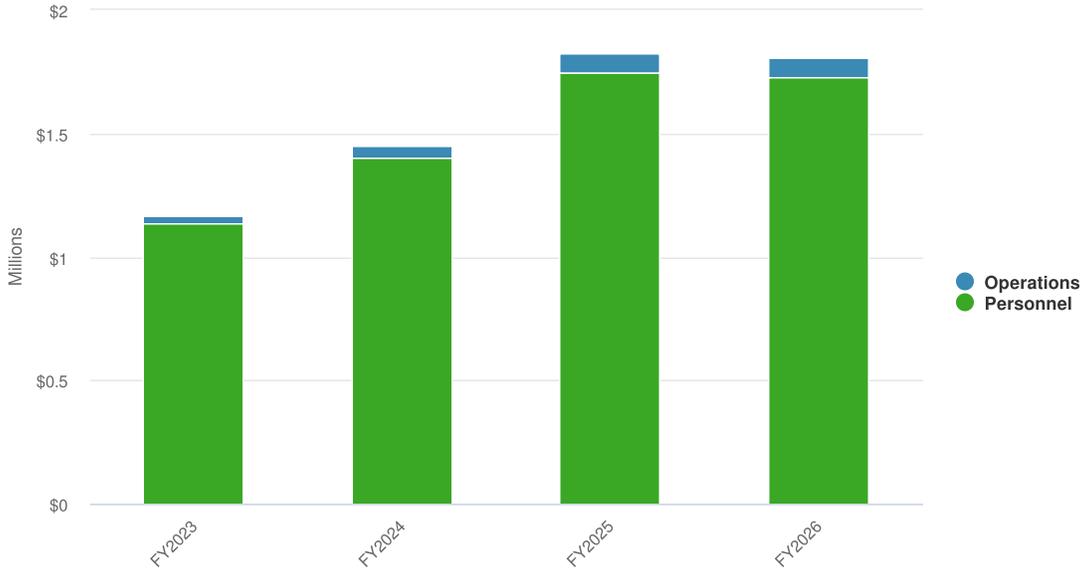

The department also provides legal representation in administrative proceedings and ensures procedural integrity during public meetings and hearings. Legal Services contributes to the City's ability to govern effectively, manage risk, and serve residents with fairness and transparency.

Community Development

Gary McGinn
Community Development Director

The Community Development department guides Orem's growth in a planned and coordinated manner. The department provides support staff for the Planning Commission, Historical Preservation Commission, Board of Adjustment, Transportation Advisory Commission, and Board of Appeals.

The department is responsible for enforcing adopted building codes and standards in order to protect life and property of those who work, live, and visit the city. They review and approve residential and commercial plans for structural integrity and code compliance, issue permits, and perform progress inspections for all new construction.

The department also designs, inspects, and/or manages all new public or private development of water, sewer, storm drain, fiber optic, concrete, and asphalt construction in the city. They also plan, coordinate, and improve intersections and roads which often includes transportation studies involving a multitude of government agencies and the general public.

The Development Review Committee (DRC) consists of key personnel from Community Development and other city departments to ensure compliance with all applicable city codes. The DRC reviews all requests and makes recommendations to the Planning Commission on items such as preliminary and final plats, site plans, conditional use permits, rezones, general plan amendments, annexations, and city boundary adjustments.

The Community Development department includes the following divisions:

- Community Development Administration
- Planning and Zoning (Development Fees Fund)
- Engineering
- Building Safety (Development Fees Fund)
- Facilities Maintenance (Facilities Maintenance Fund)
- Capital Projects (Capital Improvement Projects Fund)
- Capital Projects Management
- Economic Development

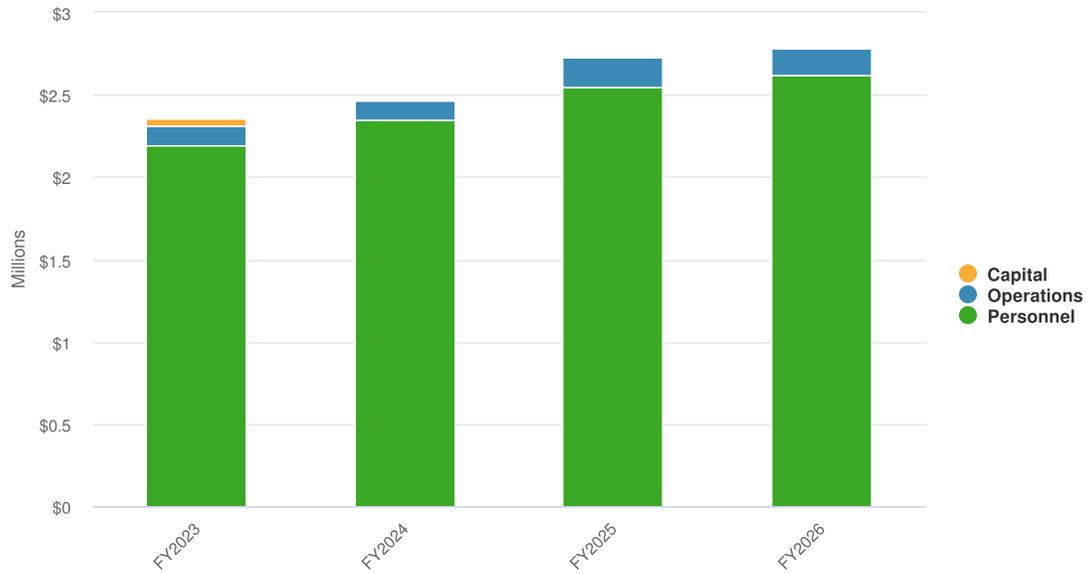

The Community Development Department shapes the physical environment and future growth of the City of Orem. Through its broad portfolio of planning, engineering, building safety, and capital project management functions, the department ensures that growth is both sustainable and aligned with community goals.

Community Development is responsible for guiding development from concept through construction, coordinating land use decisions, ensuring compliance with zoning and building codes, and overseeing public infrastructure improvements. The department collaborates closely with residents, developers, elected officials, and regional partners to balance economic development with quality of life, environmental stewardship, and long-term infrastructure planning.

In addition, the department supports key commissions and advisory bodies, provides professional staff support for public hearings and development reviews, and serves as a key point of contact for both new development and long-range planning. With a strong emphasis on coordination, compliance, and community engagement, Community Development helps build a city that is safe, functional, and thoughtfully designed for current and future generations.

Police Department

B.J. Robinson
Chief Of Police

The Police department pro-actively serves and protects the community 24 hours a day, 7 days a week in order to make Orem a safe place to live, work, and play. The department provides police, investigation, and support services in partnership with the community to produce this safe environment and high quality of life for the citizens of Orem.

The existing sworn officers deal with a variety of issues including traffic accidents, missing children, burglaries, medical emergencies, assaults, homicides, drug investigations, computer crimes, white collar crime, crimes against children, gang enforcement, and nuisance ordinance violations. Two animal control officers enforce animal violations throughout the City.

The City's 911 Dispatch Center was consolidated with Provo City's Dispatch Center on January 1, 2023. The consolidation has the potential to increase service levels, enhance training, reduce overhead, and improve efficiencies. The consolidated dispatch center budget is split based on population and the average number of calls.

The Police Department includes the following divisions:

- Police Administration
- Patrol Services
- Alcohol Enforcement
- Traffic Enforcement
- Mental Health Unit
- Investigation Services
- Major Crimes Task Force (Multi-jurisdictional)
- Metro SWAT Team
- Support Services
- Victims and Children's Assistance
- Animal Control
- Neighborhood Improvement Team

The Orem Police Department is committed to providing professional, proactive, and community-centered law enforcement services to ensure the safety, security, and well-being of all who live, work, and visit the City of Orem. With a broad range of specialized units and dedicated officers, the department responds to many public safety challenges, ranging from day-to-day traffic enforcement and patrol operations to complex investigations and emergency response.

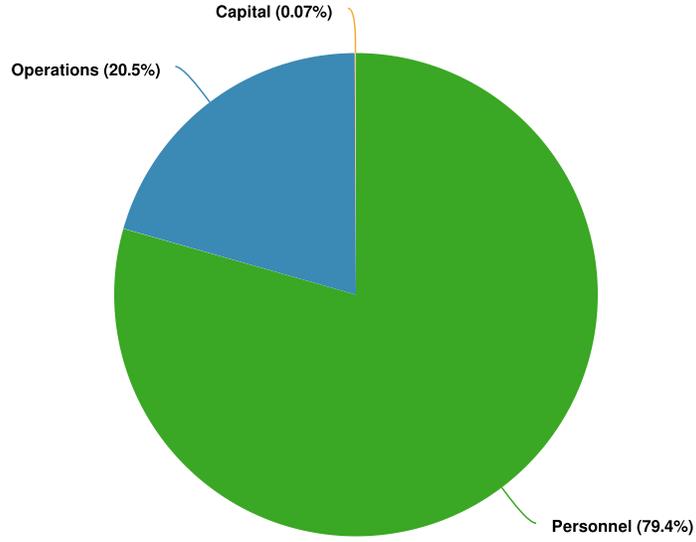

Officers are trained not only in traditional policing but also in areas such as mental health response, victim advocacy, and crime prevention, ensuring a compassionate and well-rounded approach to community safety.

The department values innovation, inter-agency collaboration, and transparency, as demonstrated by its participation in regional task forces such as Major Crimes and Metro SWAT, and through the recent consolidation of 911 dispatch services with Provo City. This partnership is expected to enhance call response times, reduce operational costs, and improve training and service levels for both cities.

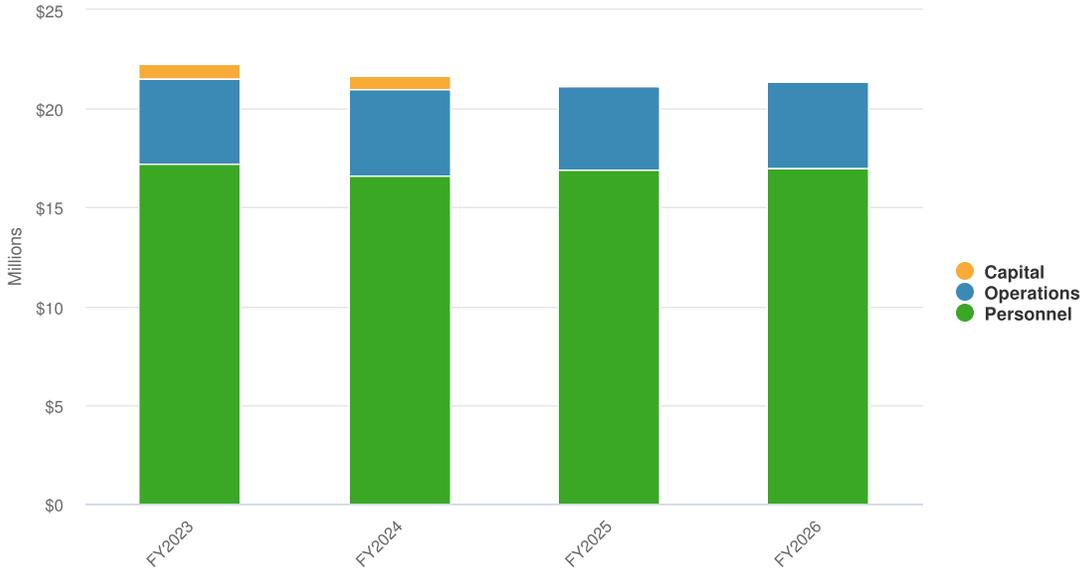

As public expectations and policing needs evolve, the Orem Police Department remains focused on building trust, strengthening neighborhoods, and upholding the high quality of life that residents expect.

Fire Department

Marc Sanderson
Fire Chief

The Fire Department provides fire suppression, emergency medical (EMS), special rescue, fire prevention, and emergency management services. The department has three fire stations located within Orem City and operates a fourth station through a contract with Lindon City. The department also provides contracted fire and medical services to Vineyard City.

The department responds to over 7,000 calls for service annually. It also conducts over 1,750 business and construction fire inspections and over 650 plan reviews annually.

The Fire Department also hosts an annual fire prevention open house to educate the community about various safety topics. The department also participates regularly in fire and EMS education events when requested by community, religious, and special interest groups.

The Fire Department includes the following divisions:

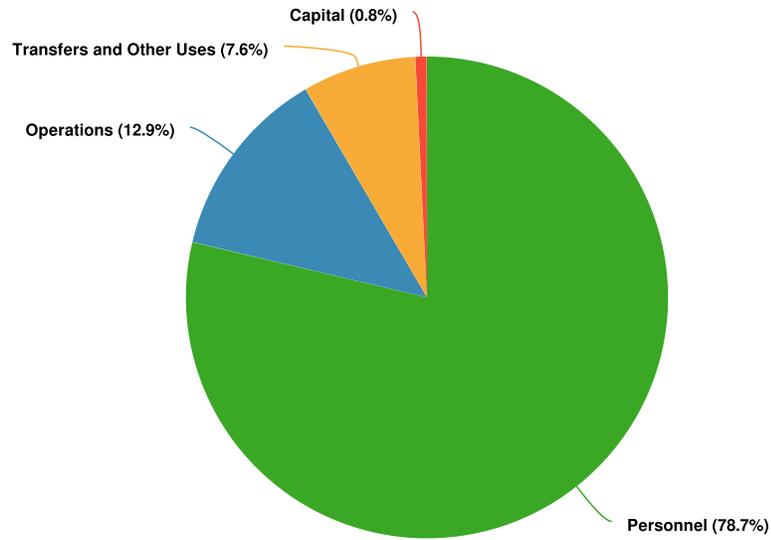

- Administration
- Operations – Fire / EMS / Special Response Rescue
- Fire Prevention – Investigations / Commercial & New Construction Inspections / Public Education
- Emergency Management

In addition to its core emergency response responsibilities, the Orem Fire Department continues to elevate the level of medical care it provides through its Critical Care Paramedic (CCP) program. This advanced training initiative equips select paramedics with the specialized skills and certifications needed to provide high-acuity pre-hospital care, including advanced airway management, cardiac support, and pharmacological interventions typically only available in hospital or helicopter emergency medical settings. The program enhances patient outcomes and ensures that Orem remains a leader in EMS excellence across the region.

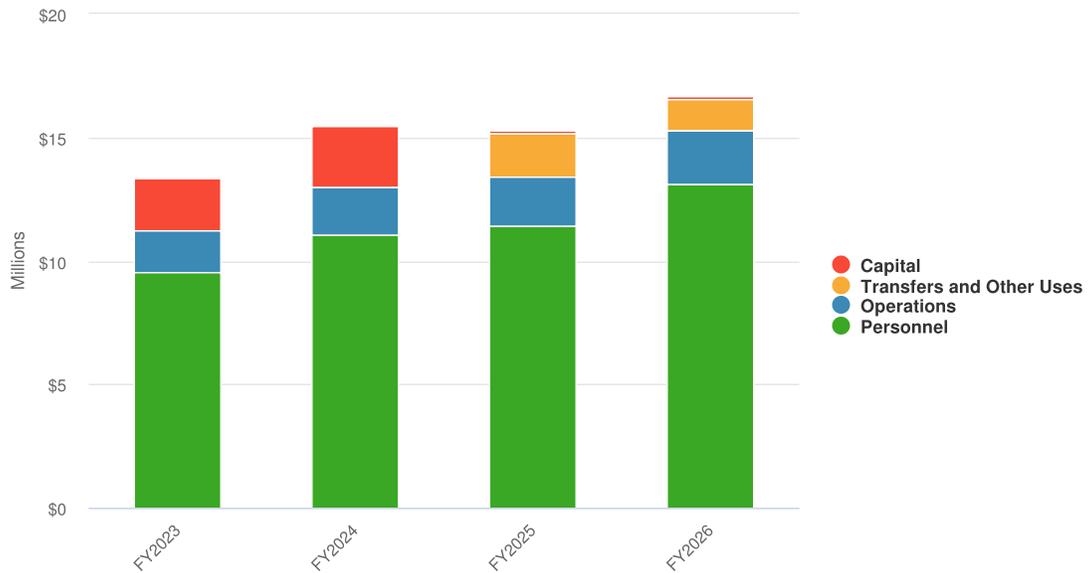

The department is also a proud participant in state and national wildland firefighting efforts, deploying trained personnel and equipment to assist in managing large-scale fire incidents throughout the western United States. These deployments not only contribute to national emergency response capacity but also bring valuable training and federal reimbursement resources back to the City.

Public Works

Chris Tschirki
Public Works Director

The Public Works department is responsible for the maintenance of streets, sidewalks, parks, cemetery, street signs, street striping, fiber optics, fleet services, and the operation of water, sewer, storm water, and street lighting utilities.

The Public Works department includes the following divisions (some are not operated within the General Fund):

- Public Works Administration
- Intelligent Transportation Systems (ITS), Traffic and Street Signs, Signals, and Markings
- Street Lighting (Street Lighting Special Service District)
- Fleet Maintenance Services (Fleet Fund)
- Streets and State Road Fund (Road Fund)
- Geographic Information Systems (GIS Services)
- Transportation Systems (Transportation Sales Tax Fund)
- Parks, Cemetery, and Urban Forestry, Horticulture, and Volunteers
- Storm Water Collection, Detention, and Management (Storm Water Fund)
- Water Administration, Supply, Distribution, and Meter Reading (Water Fund)
- Wastewater Administration, Collection, and Treatment (Water Reclamation Fund)

Within the General Fund, the Public Works Department manages a variety of critical infrastructure and maintenance responsibilities that directly impact the daily quality of life in Orem. These services include the upkeep of City streets, sidewalks, traffic signals, signs, and roadway markings, ensuring that transportation systems remain safe, accessible, and well-maintained.

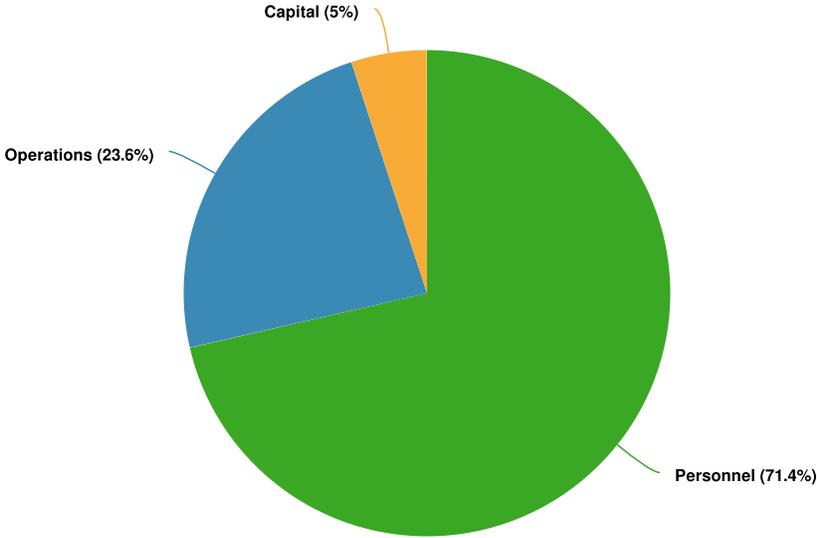

The department also oversees Parks, Cemetery, and Urban Forestry, which includes the care of hundreds of acres of public green space, tree maintenance, and the operation of the Orem City Cemetery. These teams coordinate closely with community volunteers, local organizations, and City crews to enhance public spaces and maintain the community's visual appeal.

Additionally, Geographic Information Systems (GIS) staff within Public Works provide critical mapping and data support across departments, enabling informed decision-making and efficient asset management.

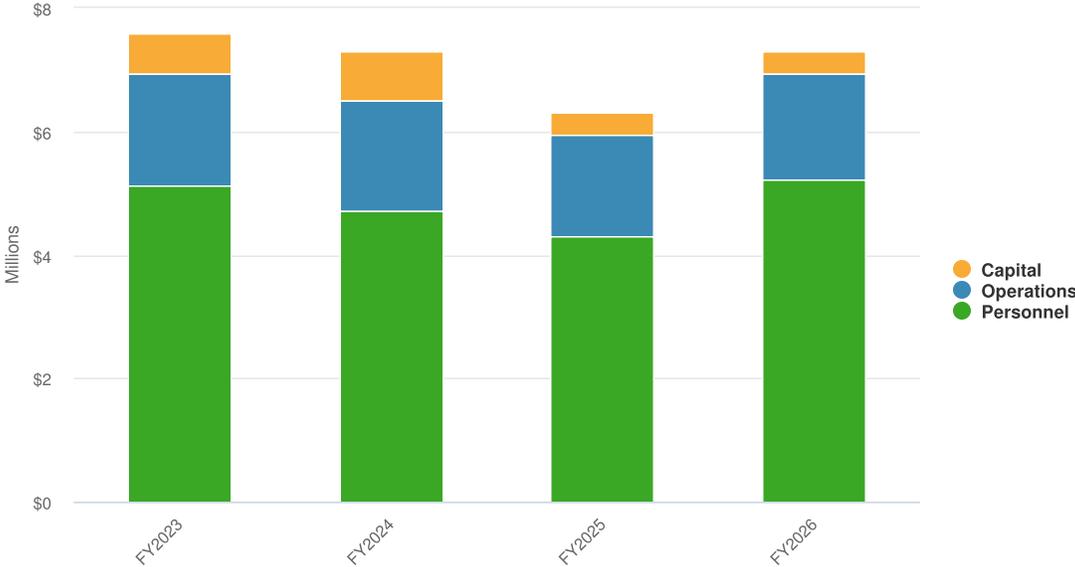

These General Fund activities are foundational to sustaining safe streets, vibrant parks, and responsive City services, and they represent a core component of Orem's commitment to maintaining high standards in public infrastructure.

Recreation

Bryce Merrill
Library & Recreation Director

The Recreation department operates out of both the General Fund and the Recreation Fund. The General Fund is responsible for the overall administration of the department and provides funding for the Senior Citizens and Programs divisions.

The Senior Citizens division plans, administers, and supervises comprehensive senior programs and activities primarily located in the City of Orem Senior Friendship Center.

The Programs division plans, administers, and supervises comprehensive youth and adult sports programs, special events, and park youth activities.

The Recreation Fund is responsible for all Fitness Center and Scera Park Pool operations and maintenance. It plans, administers, and supervises a full range of programs and services associated with a full-scale fitness center and swimming pools.

The Recreation department includes the following divisions:

- Recreation Administration
- Senior Citizens Activities and Programs
- Programs Division
- City Events
- Fitness Center & Scera Park Pools Administration (Recreation Fund)
- Fitness Center Operations (Recreation Fund)
- Scera Park Pools Facilities & Operations (Recreation Fund)

The General Fund portion of the Recreation Department plays a role in the planning and coordination of community-wide recreation services. Through its Administration, Programs, and Senior Citizens divisions, the department delivers inclusive, accessible activities that enhance the quality of life for residents of all ages.

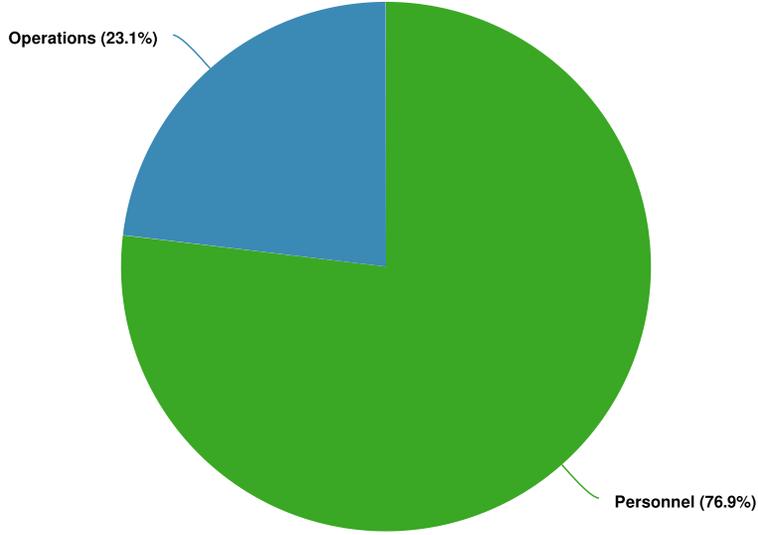

The Senior Citizens division, based at the Orem Senior Friendship Center, offers social, educational, recreational, and wellness programming tailored to the needs of older adults, creating a strong sense of community and promoting active aging.

The Programs division oversees youth and adult sports leagues, arts and culture programming, summer park activities, and community-based special events. These programs provide affordable, enriching experiences that encourage health, engagement, and lifelong participation in recreation.

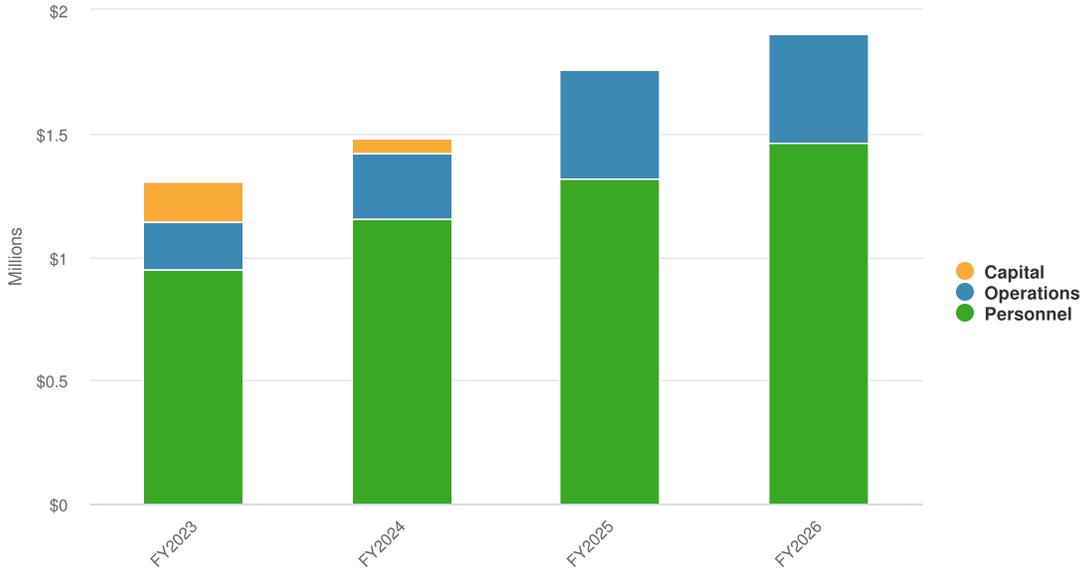

General Fund support ensures that these vital services remain accessible to the broader community and enables the department to partner with local organizations, schools, and volunteers to deliver meaningful events and programs throughout the year.

Library Services

Bryce Merrill
Library & Recreation Director

The Orem Public Library is a full-service, single branch library supporting community members of all ages in their lifelong learning efforts through its extensive collection of materials, reference and advisory services, computer and printing access, a makerspace creative lab, cultural programs for patrons and touring art exhibits.

Collection

The Library has a collection of nearly 600,000 offerings in four distinct collections: Adult/Teen, Children, Media, and E-materials. The Adults/Teen collection includes a large reference section, current and classical fiction, large print items, periodicals and a variety of pamphlets and maps. The Children's collection is one of the largest in the State of Utah, featuring; board books, picture books, read-alongs, and both fiction and non-fiction titles in intermediate and junior areas. The Media collection includes contemporary films, old-time favorites, silent and foreign films, and television series media. A wide array of music and books on CD are also available. The E-materials collection includes: e-books, e-audiobooks, e-magazines, and streaming video.

Programming

The Orem Public Library is known for its robust programming schedule offering many options for families and age-specific programs like laptime, storytime, tween scene, and many different activities for teens. While the majority of in-person programming was on hiatus during the pandemic, staff offered virtual programming including storytimes, summer reading segments, an online series for Orem Reads, and a variety of Christmas concerts. In-person highlights during the pandemic included outdoor movies, concerts, and car parades.

Library Hall

In March of 2021, the City of Orem opened a new cultural arts facility known as Library Hall on the City Center campus. The Hall offers three main spaces for programming: a 500-seat auditorium, a classroom/meeting space, and a spacious lobby that functions as both an event space and an art gallery.

Makerspace

The Library's Makerspace functions as a creative lab for many different interests and features programs, equipment, and tools for project creation. Some of the items available for use or checkout include: 3-D printers, Mac computers with graphic design and editing software, a sound booth, keyboards, editing programs for music, GoPro cameras, film cameras, sewing equipment, and much more..

Environment

The Library offers several study-space areas as well as seven study rooms. The Library also has a Kid Zone area for our youngest patrons which features a puppet theater and stage, sensory/activity panels, a book nook, and kid-friendly shelving and seating.

Technology

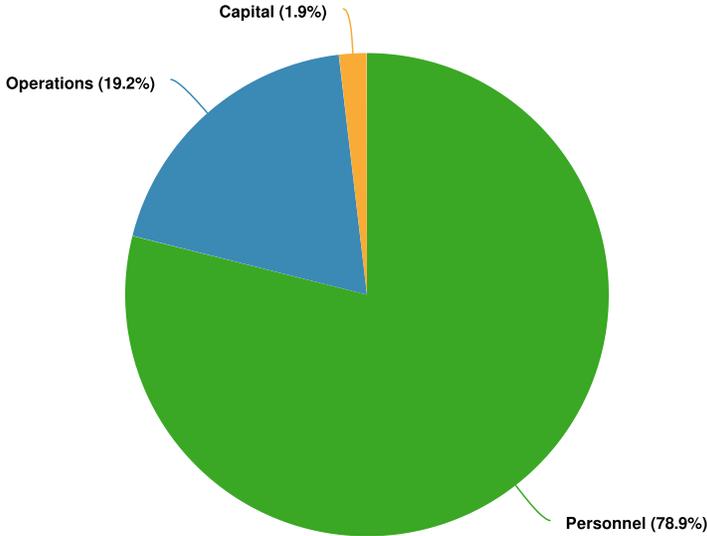

Over the course of the last year, the Library has replaced the Radio Frequency Identification (RFID) gates at both the main and south entrances as well as upgrading several self-checkout stations. To improve patron services during the pandemic, the Library increased the ability for patrons to put items on hold for grab-and-go service..

The Library department includes the following divisions:

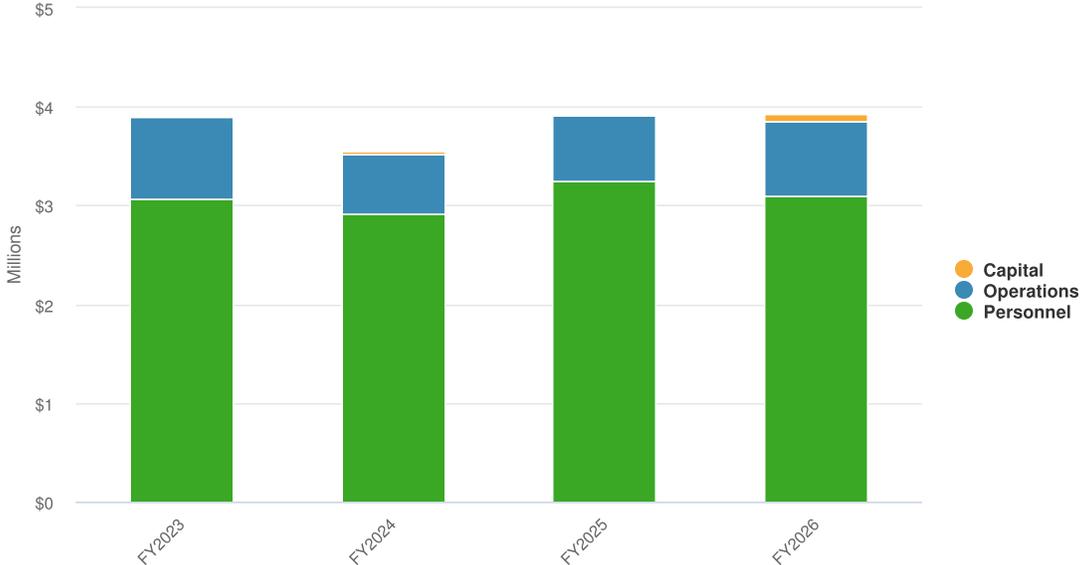

- Library Administration
- Technical Services
- Patron Services

THIS PAGE INTENTIONALLY LEFT BLANK

Non-Departmental

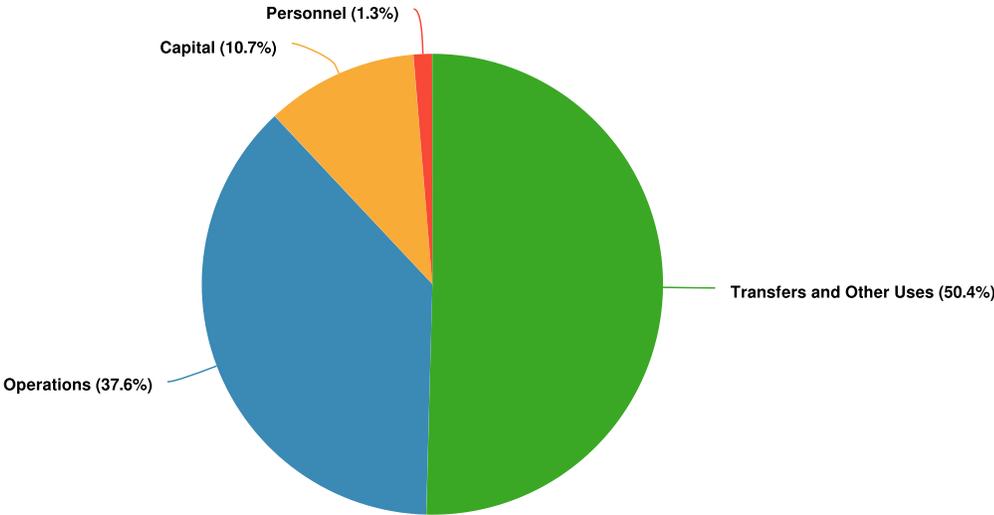

The Non-Departmental division accounts for City-wide financial obligations that are not tied to a specific operating department. These General Fund accounts are used for expenditures that are not easily assigned to any operating department (e.g., retiree benefits, inter-fund charges for insurance and information technology services), inter-fund transfers, and the Mayor/City Council's and City Manager's contingency funds.

One of the key responsibilities managed in this division is the City's pledge to UTOPIA Fiber, a regional, open-access fiber-optic network that enhances high-speed internet access for Orem residents and businesses. The City's annual financial pledge supports the debt service associated with UTOPIA's infrastructure expansion, reflecting Orem's long-term commitment to digital connectivity and economic competitiveness.

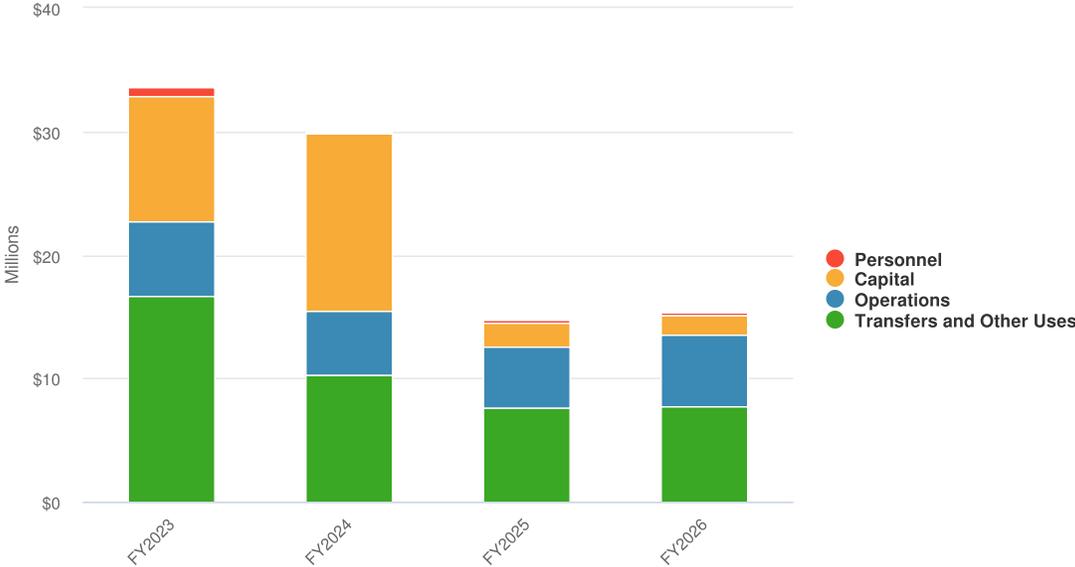

Additionally, the Non-Departmental division served as the primary holding account for one-time federal COVID-19 relief funds, including American Rescue Plan Act (ARPA) allocations during FY 2024. These funds were used for strategic, non-recurring investments in infrastructure, public health response, and community support. As these federal relief programs have concluded, the FY 2025 budget and future years will not include ARPA or COVID-related revenues or expenditures, resulting in a return to baseline funding levels within this division. This shift underscores the importance of long-term financial sustainability as temporary funding sources expire.

ROAD FUND

Overview

Fund Classification

The Road Fund is classified as a governmental fund, specifically as a special revenue fund. Special revenue funds are used to account for revenues that are legally restricted or committed to specific purposes. In this case, the Road Fund is used to account for state-distributed roadway funds that are legally restricted to street maintenance and transportation-related expenditures under Utah State Code.

Purpose of the Fund

The Road Fund accounts for the City of Orem's share of Class B & C Road Funds, which are generated through state fuel taxes and administered by the Utah Department of Transportation (UDOT). These funds may only be used on certain street and highway expenditures, including construction, reconstruction, and maintenance.

Orem has established a local policy to use these funds exclusively for major street maintenance rather than bonding for road projects. This approach prioritizes sustainable reinvestment into the City's existing roadway infrastructure and aims to preserve street conditions citywide.

Common maintenance activities supported by this fund include:

- Crack sealing
- Slurry sealing
- Micro surfacing
- Asphalt overlays

These techniques represent cost-effective strategies for extending pavement life and minimizing the need for major reconstruction.

Pavement Management Program

The City utilizes a Pavement Management Program (PMP) to guide funding decisions. This system includes:

- Routine inspections of all City streets at least once every three years
- Condition assessments using an Overall Condition Index (OCI)
- Data analysis and prioritization using pavement management software

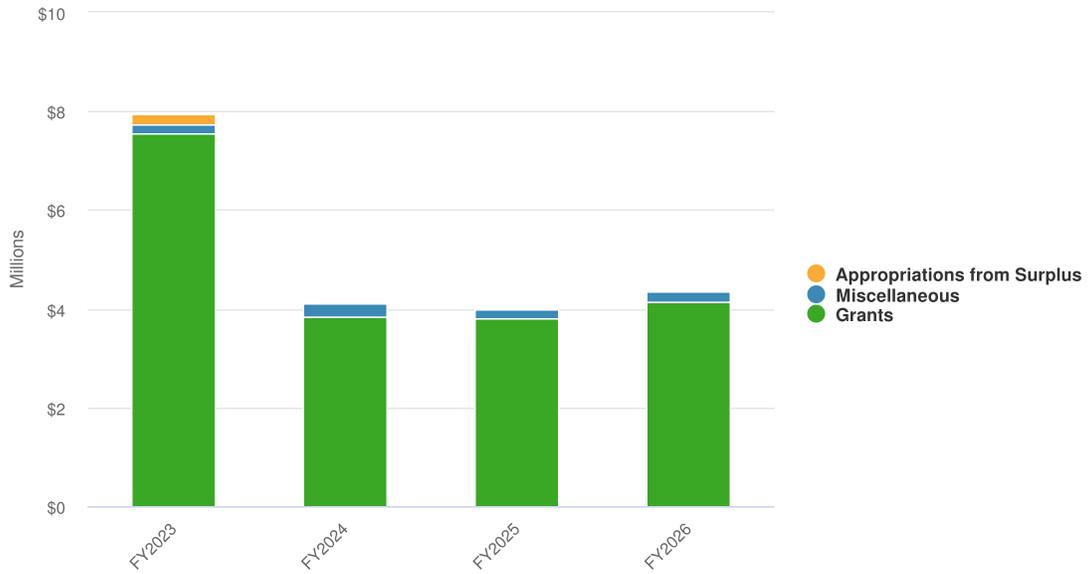

This program helps ensure that resources are applied where they will yield the highest long-term benefit for Orem's road system.

Budgetary Treatment

The Road Fund is presented as a distinct budgetary fund for planning and control purposes. However, for financial reporting purposes in the Annual Comprehensive Financial Report (ACFR), the Road Fund is combined with the General Fund, in accordance with applicable accounting standards. This setup provides transparency in budgeting while preserving alignment with formal reporting requirements.

CARE TAX FUND

Overview

Fund Classification

The CARE Tax Fund is classified as a governmental fund, and more specifically, as a special revenue fund. Special revenue funds are used to account for revenue sources that are legally restricted or committed to specific purposes. In this case, the CARE Tax Fund is restricted by state law and voter authorization for cultural and recreational purposes.

Purpose of the Fund

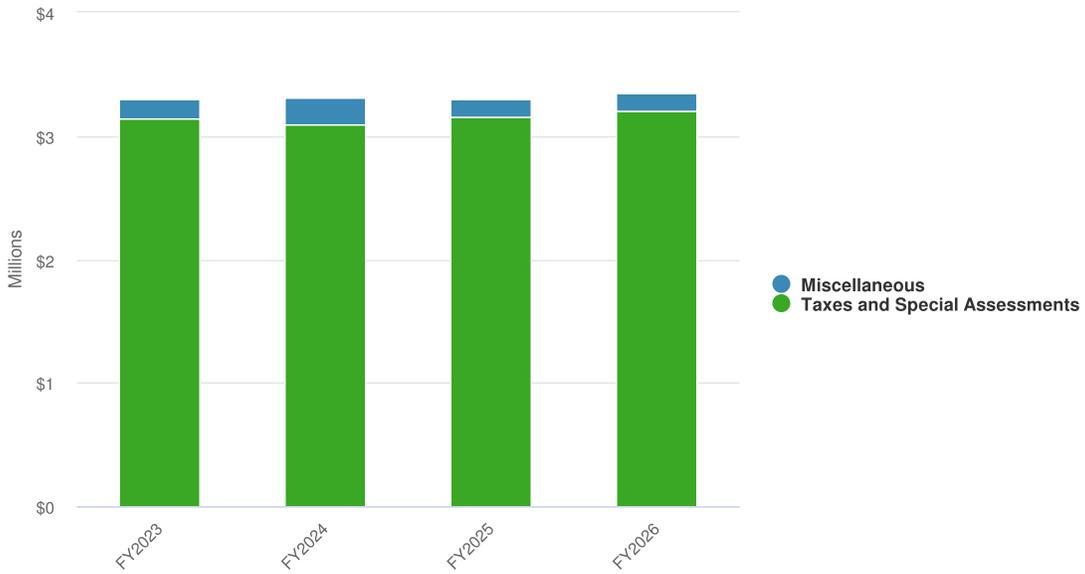

The CARE (Cultural Arts and Recreation Enrichment) Tax Fund accounts for revenues generated from a 0.1% local option sales and use tax approved by Orem voters. The tax is authorized under Utah Code §59-12-1402 and must be renewed by voters every 10 years. The revenue is dedicated to enhancing the community's quality of life by supporting:

- Local arts organizations, cultural programming, and nonprofit groups
- Recreational facilities and programs, including parks, events, and equipment
- Capital improvements related to cultural and recreational infrastructure
- Operational support for eligible arts and recreation entities

The fund is allocated through a structured application and review process, including recommendations by a citizen advisory commission and final approval by the City Council.

TELECOMMUNICATIONS BILLING FUND

Overview

Fund Classification

The Telecommunications Billing Fund is classified as a proprietary fund, and more specifically, as an internal service fund. Internal service funds are used to account for activities that provide services to other parts of the organization or facilitate specific administrative processes, typically on a cost-reimbursement basis.

Purpose of the Fund

The Telecommunications Billing Fund accounts for the billing and collection activities associated with Contracted Utility Enhancement (CUE) Agreements, which enable the installation of fiber-optic infrastructure to individual homes within the City of Orem.

This fund ensures accurate and timely administration of long-term contractual obligations tied to enhanced utility infrastructure, helping to expand access to high-speed internet services for participating residents. The services provided through this fund are administered by the Finance Department, specifically within the Accounting Division.

Key functions of the fund include:

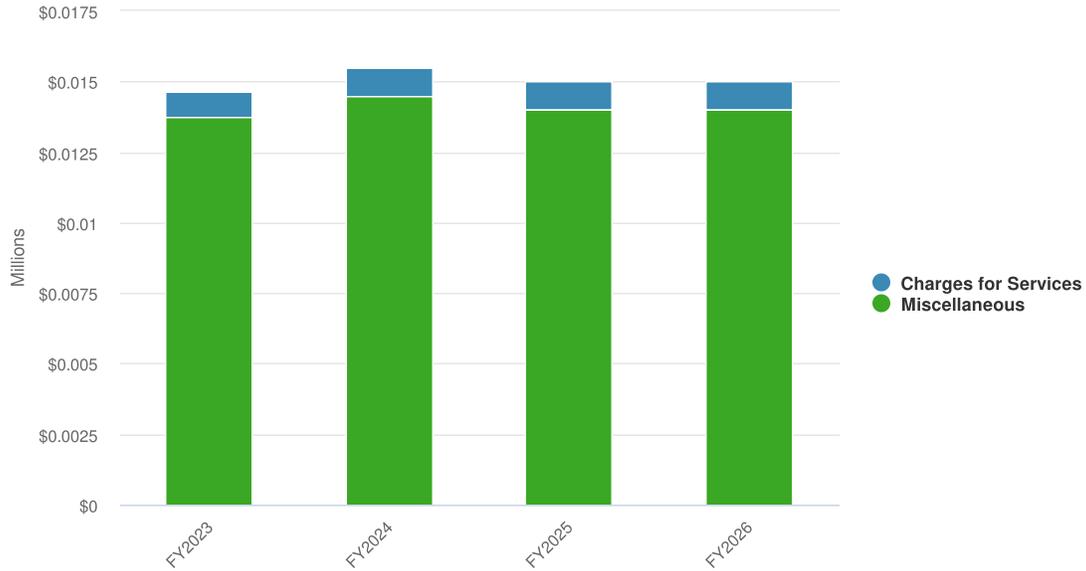

- Monthly billing and payment processing for active CUE contracts
- Account maintenance and reconciliation
- Customer support related to CUE billing inquiries
- Coordination with service providers and developers

Since the program's inception in July 2012, the fund has managed billing for over 300 agreements and currently serves more than 60 active accounts.

Revenues by Source

The Telecommunications Billing Fund receives revenues for billing and collection services consisting of a 5% administration charge and interest earnings on CUE agreements.

TRANSPORTATION SALES TAX FUND

Overview

Fund Classification

The Transportation Sales Tax Fund is classified as a governmental fund, specifically a special revenue fund. Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for designated purposes. In this case, the fund is restricted to transportation-related uses as outlined in Utah State Code.

Purpose of the Fund

The Transportation Sales Tax Fund accounts for revenues and expenditures related to local option transportation sales taxes collected on the sale of goods and certain services within the City of Orem. These revenues are authorized by state legislation and are distributed to the City for use on qualified transportation infrastructure projects.

Legislative Background

- Senate Bill 136 (2018) authorized counties to impose a 0.25% local option transportation sales tax, which is distributed as follows:
 - 0.10% to the City of Orem
 - 0.05% to Utah County
 - 0.10% to the Utah Transit Authority (UTA)
- Senate Bill 260 (2023) authorized an additional 0.20% "public transit" sales tax, allocated as follows:
 - 0.05% to the City of Orem
 - 0.05% to Utah County
 - 0.10% to the Utah Transit Authority (UTA)

All funds are administered by the Utah State Tax Commission and must be used in accordance with Utah Code §§59-12-2219.13 and 59-12-2212.2, which define eligible transportation expenditures.

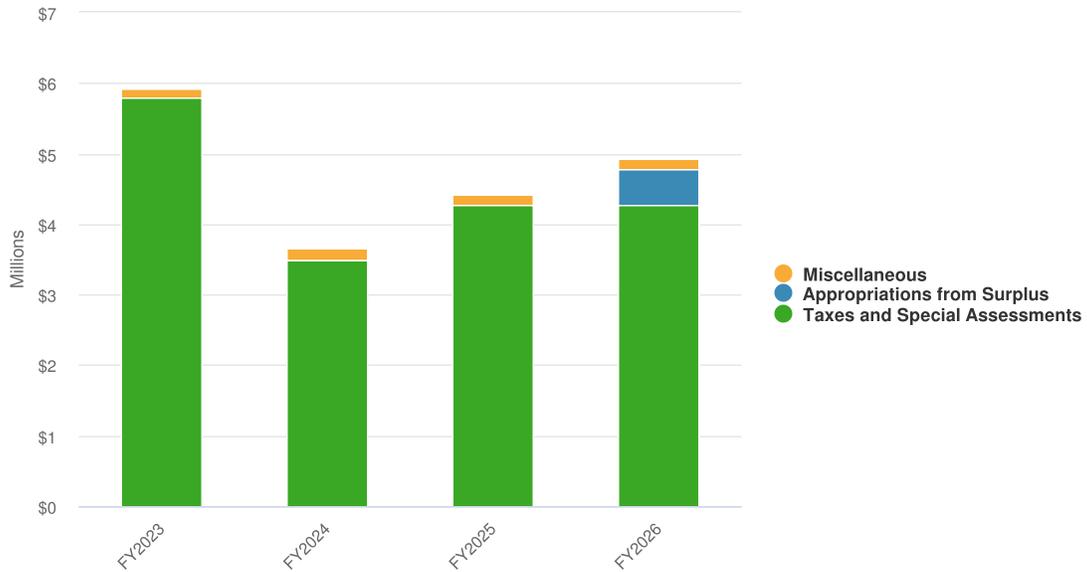

Eligible Uses

Permissible uses of these funds include:

- Roadway and street improvements
- Sidewalks, curb and gutter enhancements
- Traffic signals and safety features
- Street lighting
- Multi-use trails and pedestrian infrastructure
- Transportation infrastructure that connects an origin and destination for non-motorized vehicles

DEVELOPMENT FEES FUND

Overview

Fund Classification

The Development Fees Fund is classified as a governmental fund, and more specifically as a special revenue fund. Special revenue funds are used to account for revenues that are legally restricted or committed to specific purposes. In this case, the fund is used to track development-related revenues and associated regulatory costs to ensure compliance with Utah State law.

Purpose of the Fund

The Development Fees Fund was established in FY 2023–2024 in response to updated Utah State Auditor reporting requirements. Its purpose is to provide transparency and budgetary control over fees collected for development-related activities, such as building permits, plan reviews, and inspections, and to ensure that those fees do not exceed the City's reasonable costs of regulation, in accordance with:

- Utah Code §10-9a-510 (Municipalities)
- Utah Code §17-27a-509 (Counties)

These statutes limit the amount a governmental entity may charge in development fees to only what is necessary to cover the actual cost of providing regulatory services. This includes plan review, inspections, permit processing, and other related administrative efforts.

By creating a dedicated budgetary fund, the City of Orem ensures:

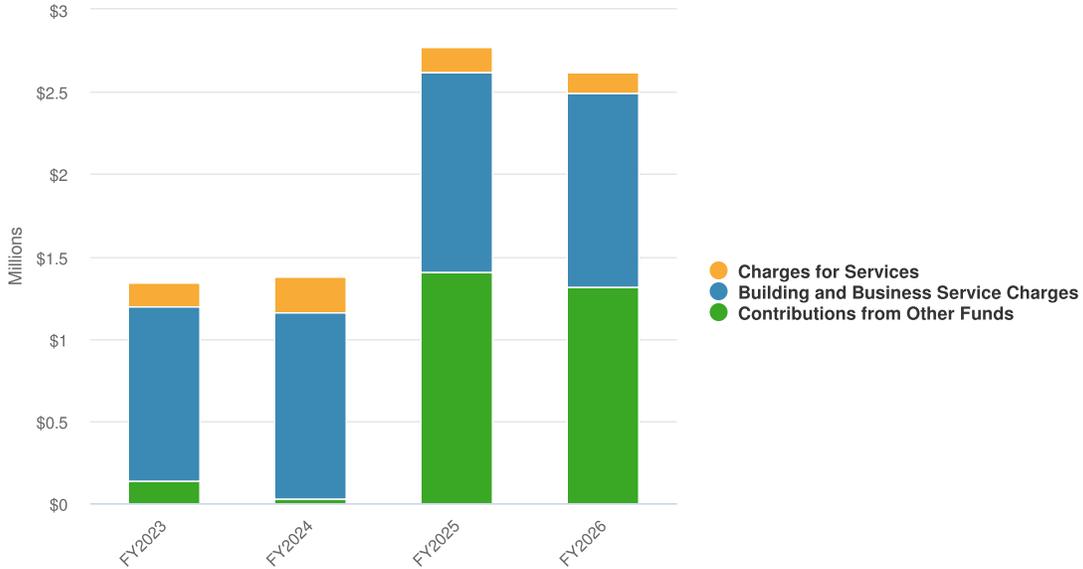

- Transparent tracking of fee-based revenues and associated expenditures
- Budgetary accountability for departments involved in the development review process
- Compliance with state-mandated cost-recovery requirements

Budgetary Treatment

Although presented as a separate fund for budgetary control and compliance monitoring, the Development Fees Fund is integrated with the General Fund for purposes of financial reporting in the City's Annual Comprehensive Financial Report (ACFR). This structure balances detailed internal oversight with streamlined external reporting.

DEBT SERVICE FUND

Overview

Fund Classification

The Debt Service Fund is classified as a governmental fund, specifically a debt service fund. Debt service funds are used to account for the accumulation of resources and the payment of principal and interest on general long-term debt that is not serviced by proprietary or internal service funds.

Purpose of the Fund

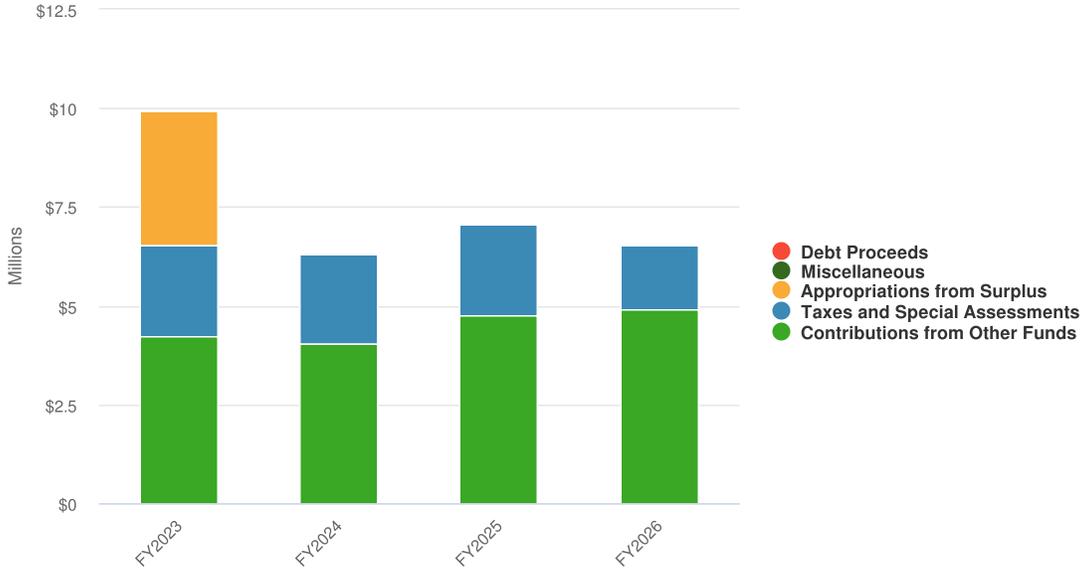

The Debt Service Fund is used to account for the repayment of long-term obligations issued by the City of Orem for various capital projects, including municipal buildings, recreation facilities, infrastructure improvements, and other public assets. This fund ensures that debt repayments are made accurately, timely, and in accordance with bond covenants and legal requirements.

Key responsibilities of the fund include:

- Payment of principal and interest on general obligation bonds, lease revenue bonds, and other tax-supported debt
- Tracking of debt service schedules, reserve requirements, and amortization plans
- Compliance with all applicable disclosure and reporting requirements related to municipal debt

**IMPACT FEE FUNDS -
POLICE, FIRE, PARKS & STREETS**

THIS PAGE INTENTIONALLY LEFT BLANK

Overview

Fund Classification

The CIP Fund – Police Impact Fees is classified as a governmental fund, specifically a capital projects fund. Capital projects funds are used to account for resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities and infrastructure improvements.

Purpose of the Fund

The Police Impact Fees Fund accounts for the collection and use of police-related development impact fees, which are one-time charges imposed on new development activity to offset the impact that growth places on public safety infrastructure. These fees are collected at the time of development approval and are governed by the Utah Impact Fees Act (Utah Code Title 11, Chapter 36a).

The purpose of the fund is to ensure that:

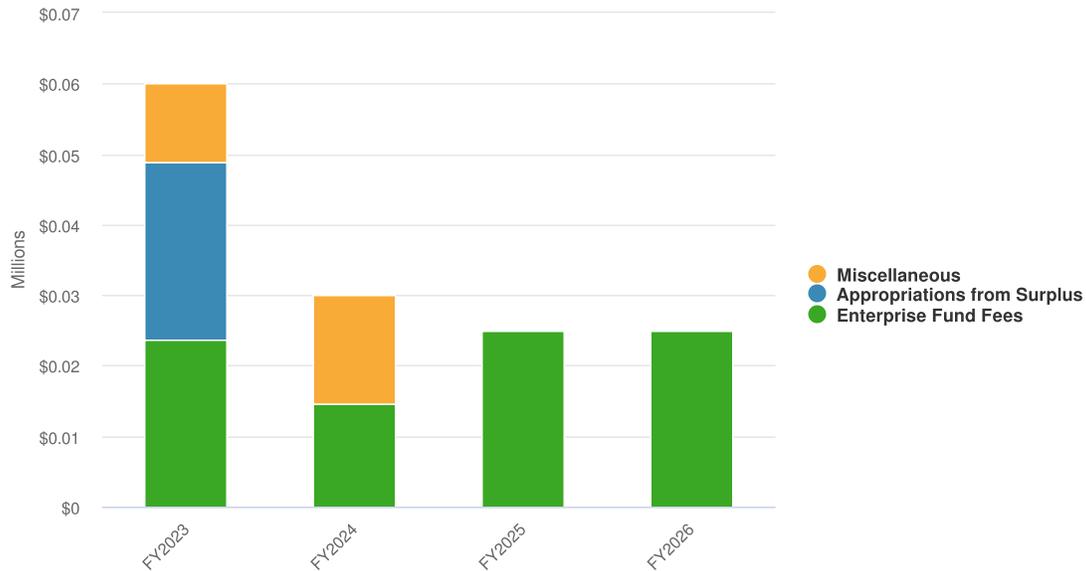

- New development pays a fair and proportionate share of the capital costs required to maintain effective police services.
- The burden of growth-related capital needs is not shifted to existing residents and taxpayers.
- The City can maintain or improve police response capacity, service coverage, and facility readiness in step with population and economic growth.

Police impact fees may only be used for eligible capital expenditures outlined in the City's Police Impact Fee Facilities Plan (IFFP) and Impact Fee Analysis (IFA). These typically include the construction of new police facilities, the expansion of existing facilities, and the purchase of eligible equipment or vehicles that directly support police operations.

Revenues by Source

Provides funding for essential public safety infrastructure needed to handle the increase in the number of calls for service new growth will generate.

Overview

Fund Classification

The CIP Fund – Fire Impact Fees is classified as a governmental fund, specifically as a capital projects fund. Capital projects funds are used to account for financial resources that are restricted, committed, or assigned to be used for the acquisition or construction of major capital facilities and infrastructure.

Purpose of the Fund

The Fire Impact Fees Fund accounts for the collection and use of fire-related development impact fees. These are one-time charges imposed on new development activity at the time of building permit issuance, as authorized by the Utah Impact Fees Act (Utah Code Title 11, Chapter 36a).

The purpose of fire impact fees is to mitigate the increased demand placed on public safety infrastructure, such as fire stations, vehicles, and equipment, caused by population and development growth. The fund ensures that:

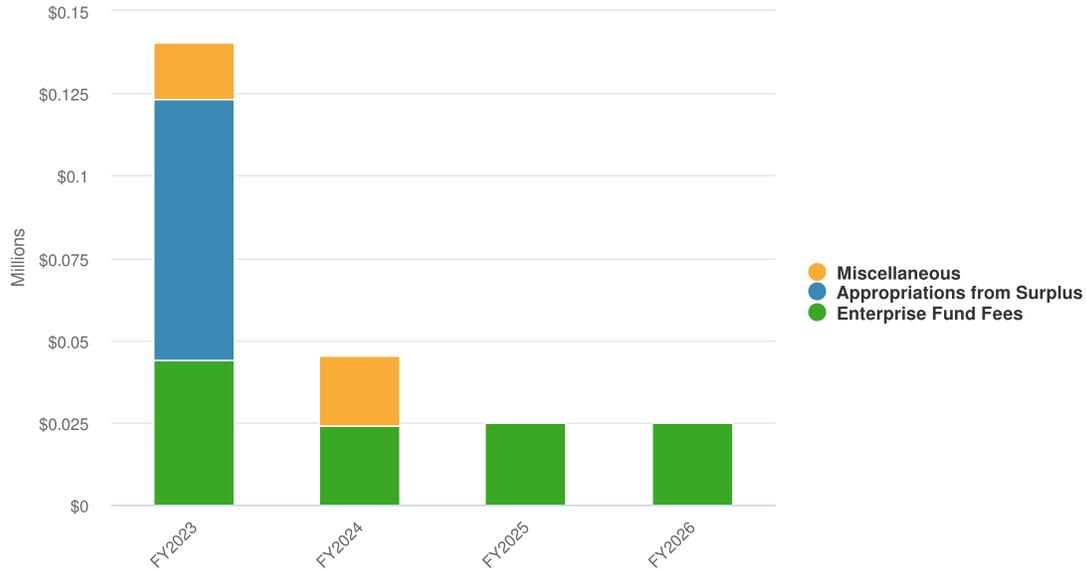

- New development pays a proportionate share of infrastructure costs.
- Existing residents are not overburdened with funding growth-related capital needs.
- Fire facilities and resources are expanded or upgraded in a timely manner to maintain response times and service quality.

This fund supports capital improvement projects specifically related to fire protection services, and may only be used for eligible expenditures identified in the City's Fire Impact Fee Facilities Plan (IFFP) and Impact Fee Analysis (IFA).

Overview

Fund Classification

The CIP Fund – Park Impact Fees is classified as a governmental fund, and more specifically as a capital projects fund. Capital projects funds are used to account for revenues that are legally restricted, committed, or assigned for the acquisition or construction of major capital assets, including public parks and open space facilities.

Purpose of the Fund

The Park Impact Fees Fund accounts for the collection and use of park-related impact fees, which are one-time charges imposed on new development activity. These fees are designed to ensure that new residential growth contributes proportionately to the capital cost of expanding the City's parks and recreational amenities. This fund operates under the authority of the Utah Impact Fees Act (Utah Code Title 11, Chapter 36a).

The intent of park impact fees is to:

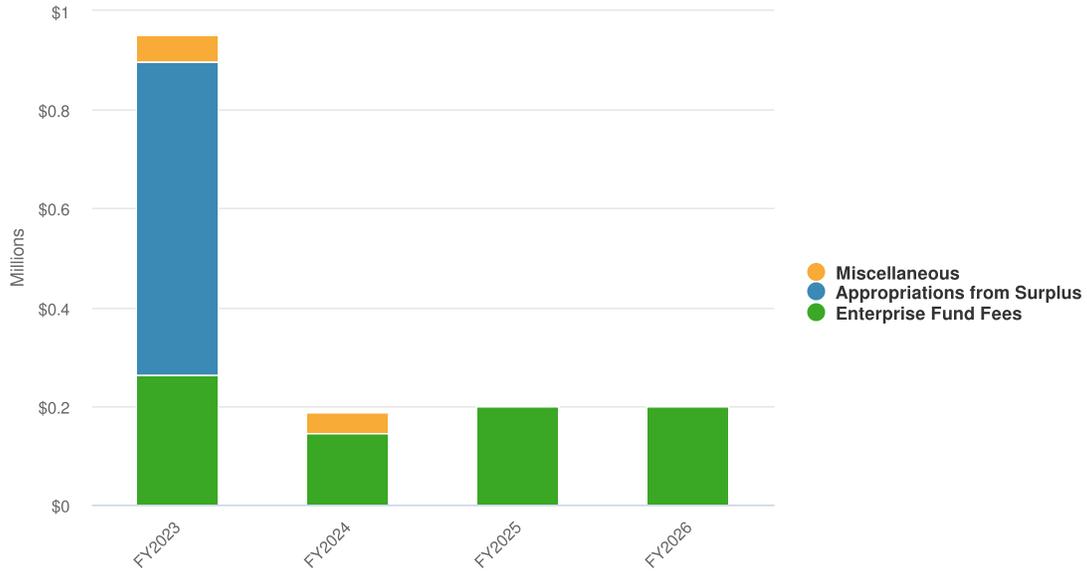

- Mitigate the increased demand for parks, open space, and recreational facilities resulting from population growth
- Ensure that new residents receive access to high-quality parks and facilities consistent with existing service levels
- Avoid placing the cost of new park development on existing residents, who have already contributed through taxes and fees

Eligible uses of the fund include land acquisition, park development, and capital improvements identified in the City's Park and Recreation Master Plan, Impact Fee Facilities Plan (IFFP), and Impact Fee Analysis (IFA).

Revenues by Source

Provides funding to acquire additional park lands (which includes trails) and improvements needed to maintain its existing and proposed service levels. These service levels will decline as a result of population growth unless new facilities are constructed or acquired.

Overview

Fund Classification

The CIP Fund – Streets Impact Fees is classified as a governmental fund, and specifically as a capital projects fund. Capital projects funds are used to account for financial resources that are restricted, committed, or assigned to major infrastructure investments, including road construction and expansion.

Purpose of the Fund

The Streets Impact Fees Fund accounts for the collection and use of street-related impact fees, which are one-time charges imposed on new development activity to address the increased demand placed on the City's transportation infrastructure. These fees are authorized under the Utah Impact Fees Act (Utah Code Title 11, Chapter 36a) and must be used exclusively for eligible roadway capital improvements.

The purpose of this fund is to:

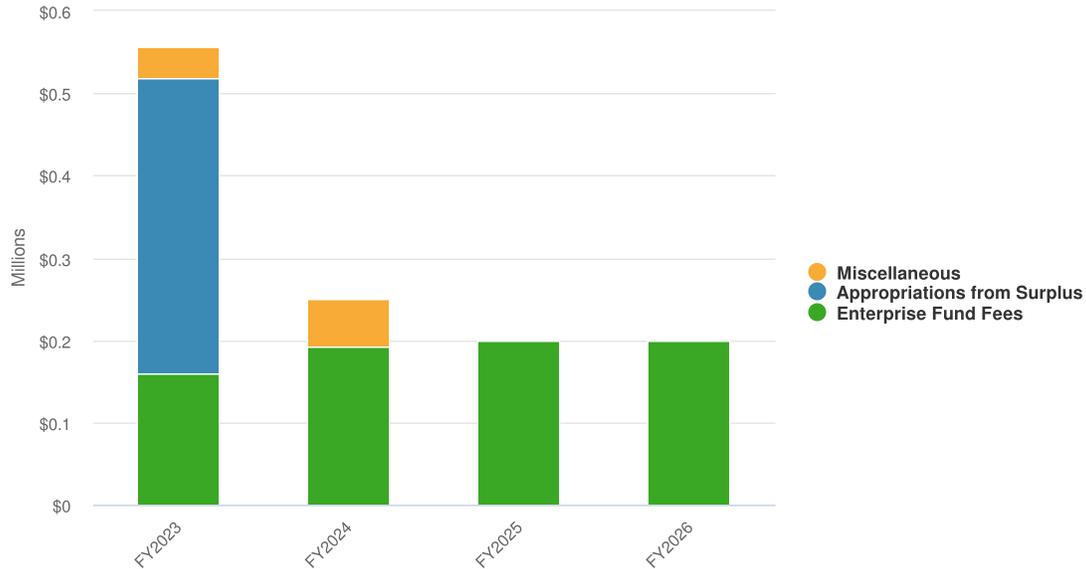

- Ensure new development contributes proportionately to the cost of expanding road capacity and improving traffic circulation.
- Prevent the shifting of growth-related roadway costs onto existing residents and businesses.
- Provide funding for road widening, intersection improvements, traffic control features, and new road segments identified in the City's Transportation Master Plan, Impact Fee Facilities Plan (IFFP), and Impact Fee Analysis (IFA).

Eligible projects funded by this account are those necessary to serve new growth, not to correct existing deficiencies. These may include arterial and collector roads, intersection upgrades, and non-motorized transportation facilities that are directly related to new development impacts.

Revenues by Source

Provides funding to construct additional infrastructure necessary to maintain the desired level of service due to increased traffic as a result of new development.

CAPITAL IMPROVEMENT PROJECTS FUND

Overview

Fund Classification

The Capital Improvement Projects (CIP) Fund is classified as a governmental fund, specifically as a capital projects fund. Capital projects funds are used to account for resources that are restricted, committed, or assigned for the acquisition, construction, or major repair of capital assets, particularly those that extend beyond a single fiscal year.

Purpose of the Fund

The CIP Fund is used to plan, track, and finance capital improvement projects that typically span multiple fiscal years or involve significant investment in infrastructure, public facilities, or large equipment purchases. Projects accounted for in the CIP Fund may include:

- Facility renovations or expansions
- Road and utility infrastructure improvements
- Parks and sports facility upgrades
- Vehicle equipment purchases

The General Fund is the primary source of transfers into the CIP Fund.

In addition to interfund transfers, the CIP Fund may also receive:

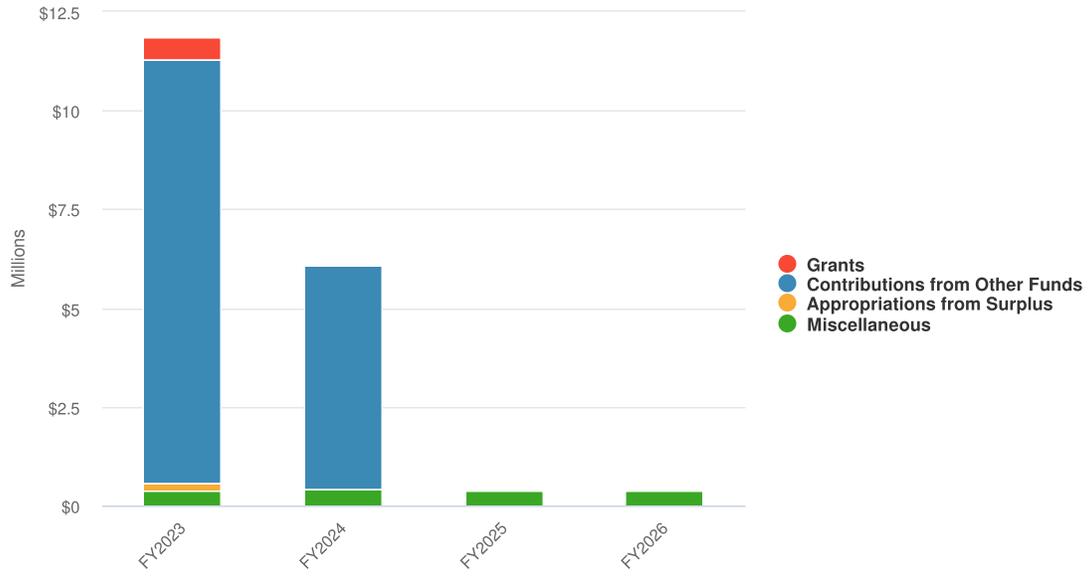

- Proceeds from long-term lease agreements, such as cellular tower leases on City property
- Grants, one-time state or federal funding allocations
- Dedicated revenues or one-time contributions assigned to specific capital initiatives

These funds are typically accumulated until sufficient resources are available to begin or complete designated capital projects.

Revenues by Source

The CIP Fund typically receives transfers from the General Fund. However, all operating funds may on occasion transfer funds to the CIP Fund when a project affects or benefits those funds. The CIP Fund also receives revenues from leases of cellular phone towers which are located on City property when these revenues are not required for General Fund operations.

WATER FUND

Overview

Fund Classification

The Water Fund is classified as a proprietary fund, specifically an enterprise fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private businesses, where the costs of providing goods or services to the public are recovered primarily through user charges.

Purpose of the Fund

The Water Fund is responsible for the operation, maintenance, and capital improvement of the City of Orem's culinary water system. This includes water sourcing, treatment, distribution, meter reading, and customer service. The fund is self-sustaining, with revenues generated through monthly utility service charges, impact fees from new development, and occasional grant or intergovernmental funding.

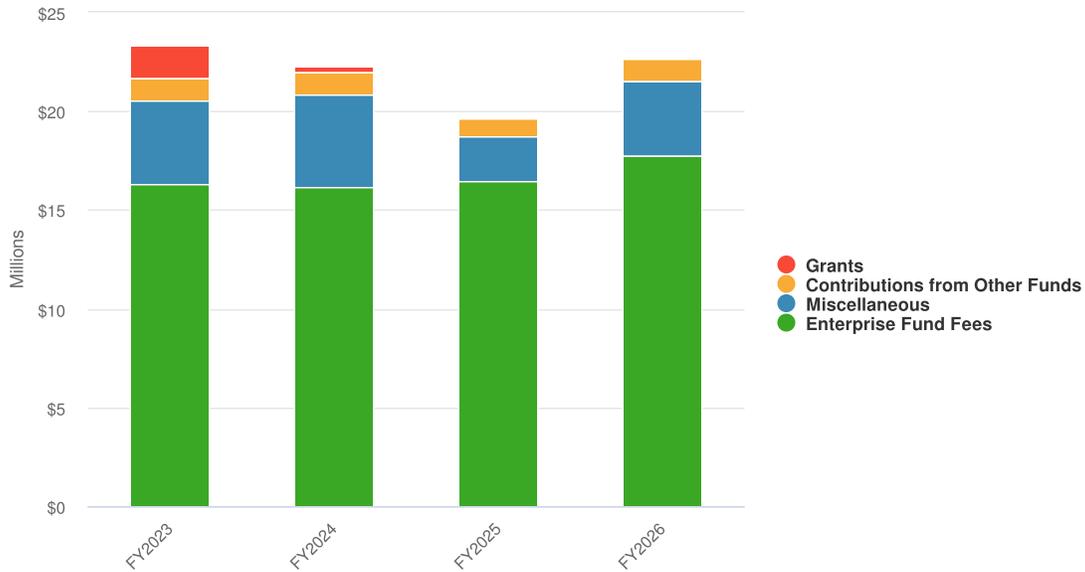

Core purposes of the Water Fund include:

- Delivering safe, high-quality drinking water to residents and businesses.
- Maintaining and upgrading water infrastructure such as reservoirs, wells, and pipelines.
- Supporting fire suppression infrastructure through system pressure and hydrant availability.
- Meeting state and federal regulatory requirements for water quality and conservation.

The fund also supports ongoing investments in system resilience, leak detection, drought preparedness, and water efficiency education.

WATER RECLAMATION FUND

Overview

Fund Classification

The Water Reclamation Fund is classified as a proprietary fund, and more specifically, as an enterprise fund. Enterprise funds account for operations that are financed and managed in a business-like manner, where costs of providing services to customers are primarily recovered through user charges.

Purpose of the Fund

The Water Reclamation Fund supports the operation, maintenance, and capital investment of the City of Orem's wastewater collection and treatment systems. This includes a comprehensive network of sewer pipelines, pump stations, and the wastewater treatment facility that serves residential, commercial, and institutional users.

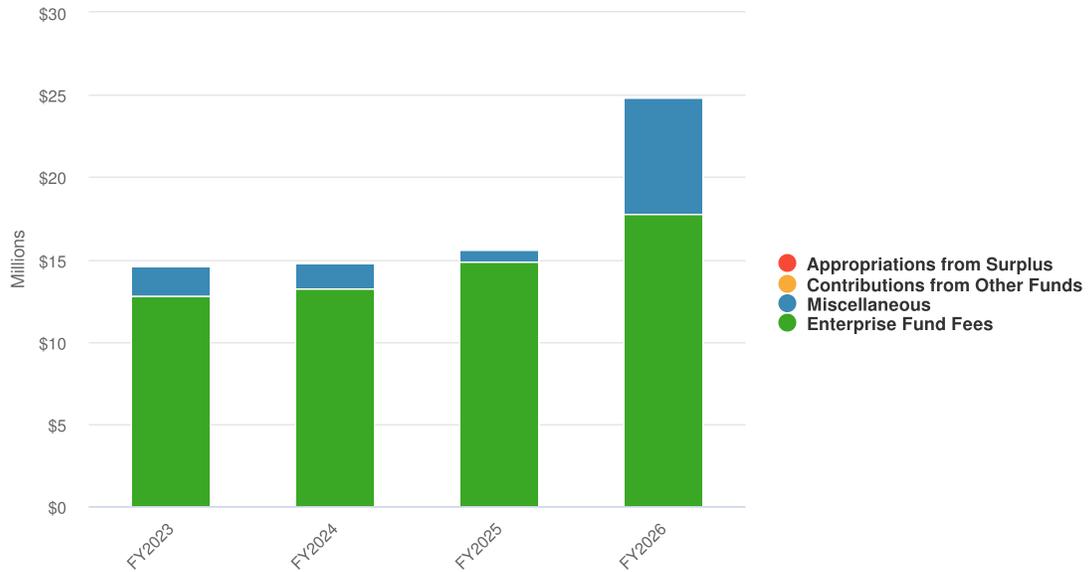

Key responsibilities of the fund include:

- Collecting and safely treating wastewater to meet or exceed environmental and regulatory standards.
- Operating and maintaining sewer infrastructure across the community.
- Supporting capacity planning and rehabilitation of aging infrastructure.
- Monitoring compliance with state and federal water quality regulations, including discharge permits.
- Promoting long-term sustainability through efficient treatment practices and reclaimed water use.

Revenue for the Water Reclamation Fund is generated through monthly utility service fees and, in some cases, impact fees for new development. These revenues are dedicated solely to supporting wastewater-related services and infrastructure.

STORM WATER FUND

Overview

Fund Classification

The Storm Water Fund is classified as a proprietary fund, and specifically, as an enterprise fund. Enterprise funds are used to account for services that are provided to the public on a user-fee basis, where the goal is to recover operational and capital costs through those fees.

Purpose of the Fund

The Storm Water Fund supports the City of Orem's stormwater management system, which includes the infrastructure and operations necessary to collect, control, and treat storm runoff. The fund is dedicated to protecting public health, property, and the environment by managing surface water in a safe, effective, and sustainable way.

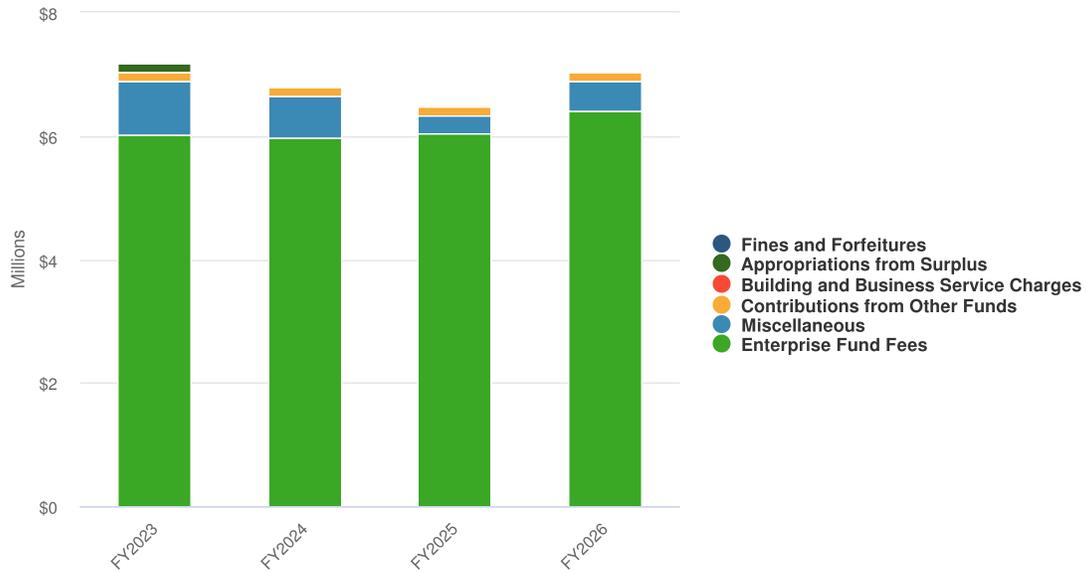

Key functions supported by the Storm Water Fund include:

- Maintenance and improvement of storm drains, detention basins, and culverts.
- Compliance with federal and state stormwater regulations, including the National Pollutant Discharge Elimination System (NPDES) permit requirements.
- Mitigation of flooding risks through proper drainage design, inspection, and upkeep.
- Public education programs and best practices to reduce stormwater pollution.
- Infrastructure improvements to accommodate growth and climate variability.

Revenues for the Storm Water Fund are primarily generated through monthly stormwater utility fees paid by residential and commercial property owners, with additional funding occasionally derived from grants or intergovernmental partnerships.

RECREATION FUND

Overview

Fund Classification

The Fitness Center Fund is classified as a proprietary fund, more specifically as an enterprise fund. Enterprise funds account for operations that are financed and operated in a manner similar to private-sector businesses, where the cost of services provided to the public is primarily recovered through user fees and charges.

Purpose of the Fund

The Fitness Center Fund accounts for the operation, maintenance, and programming of several major community recreational facilities, including:

- Orem Family Fitness Center – A state-of-the-art community fitness facility offering gyms, pools, exercise classes, childcare, senior services, and more.
- Scera Park Pool – A seasonal outdoor aquatics center offering recreation swimming, lap swimming, and aquatic programs.
- Hillcrest Park – A newly renovated regional park that serves as a hub for recreation programming, sports activities, and community gatherings.

The fund supports:

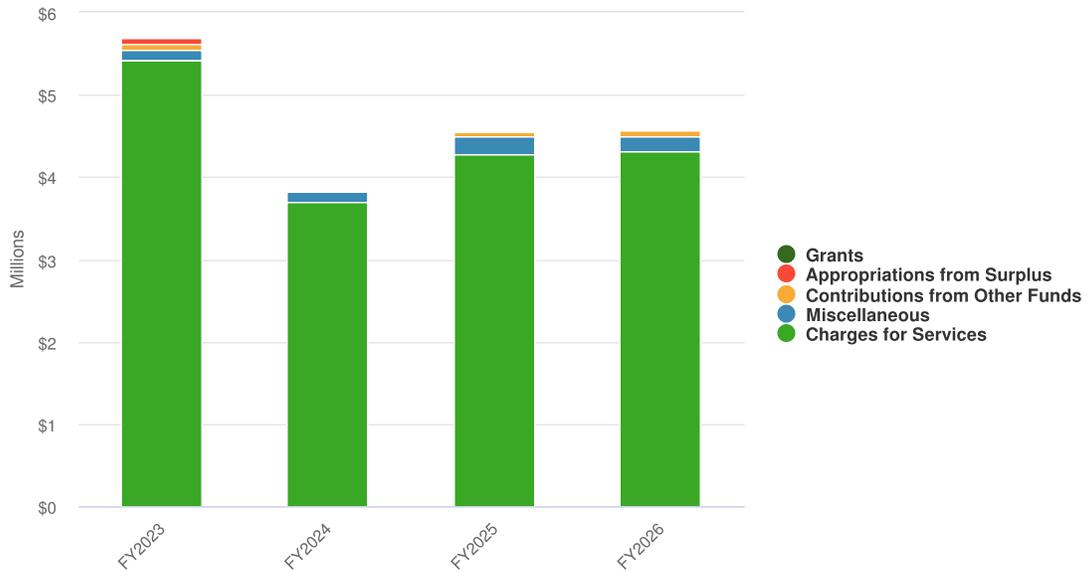

- Daily operations and staffing of all three facilities.
- Recreational programming, leagues, and events.
- Ongoing facility maintenance and long-term capital improvements.
- Equipment and amenity upgrades to enhance user experience.
- Customer service, marketing, and membership services.

These facilities serve thousands of residents and visitors annually and are integral to Orem's commitment to public health, wellness, and community engagement.

Revenues are generated through memberships, daily admissions, class fees, facility rentals, and concessions. The fund also receives limited General Fund support to ensure accessibility and affordability.

SOLID WASTE FUND

Overview

Fund Classification

The Solid Waste Fund is classified as a proprietary fund, specifically as an enterprise fund. Enterprise funds are used to account for activities that are financed primarily through user fees, where the intent is for the service to be self-supporting.

Purpose of the Fund

The Solid Waste Fund manages the City's residential refuse collection program, which includes both billing and service coordination. While the City of Orem does not operate its own sanitation fleet, it contracts with Waste Management Inc. for curbside refuse and recycling collection services.

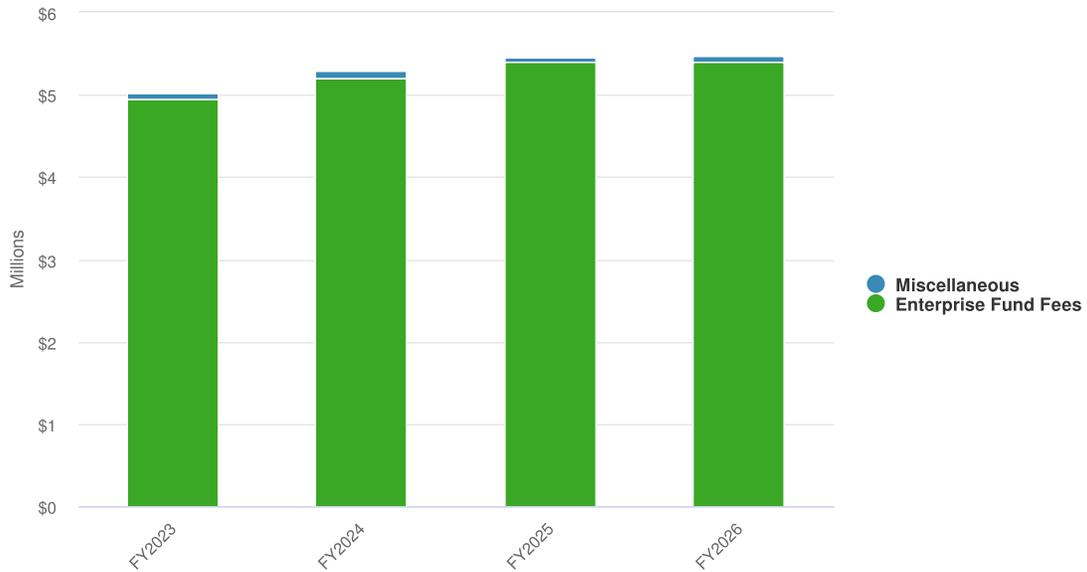

The fund is responsible for:

- Refuse Billing Administration: Managing customer accounts, coordinating utility billing, and handling account changes for solid waste service.
- Contract Oversight: Administering and monitoring the City's contract with Waste Management, ensuring service quality, compliance, and customer satisfaction.
- Recycling Services: Providing biweekly curbside recycling pickup and addressing resident questions and participation.
- Service Support: Managing cart deliveries, replacements, and service requests in collaboration with the contracted provider.
- Public Communication: Informing residents about service schedules, recycling education, and changes to solid waste services.

Revenues for the Solid Waste Fund come from monthly utility fees charged to residential customers. These fees are designed to fully cover the cost of contracted services and administrative overhead.

FLEET MAINTENCE FUND

Overview

Fund Classification

The Fleet Fund is classified as an internal service fund, which is a type of proprietary fund. Internal service funds are used to account for services provided by one department or agency of a government to other departments of the same government, typically on a cost-reimbursement basis.

Purpose of the Fund

The Fleet Fund supports the centralized management of the City of Orem's fleet assets, including procurement, maintenance, fueling, and replacement of vehicles and equipment used by all City departments. The fund ensures that fleet operations are efficient, cost-effective, and aligned with departmental service needs.

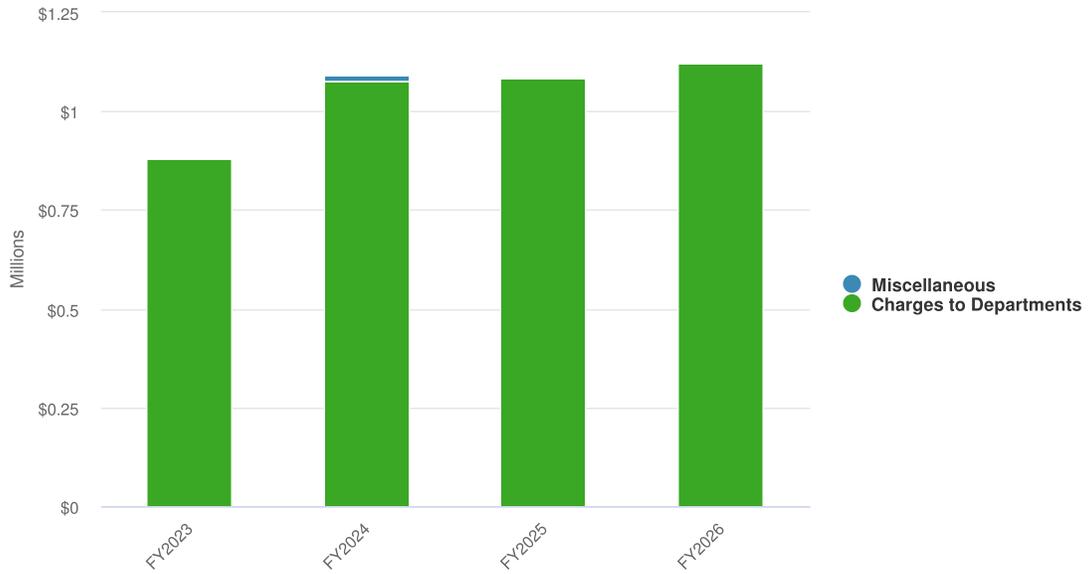

Key functions of the Fleet Fund include:

- Vehicle and Equipment Maintenance: Routine servicing, repairs, inspections, and regulatory compliance.
- Fleet Replacement Planning: Lifecycle management and scheduled replacement of vehicles and heavy equipment based on age, mileage, and service demands.
- Fuel Management: Operation of the City fueling infrastructure, including procurement, storage, and distribution of fuel.
- Fleet Procurement: Acquisition of new vehicles in alignment with approved capital budgets and department specifications.
- Cost Recovery: Allocating annual charges to departments based on usage, maintenance needs, and depreciation schedules.

The fund is supported through interdepartmental charges assessed to user departments, which are designed to fully recover operating and capital costs.

PURCHASING & WAREHOUSE FUND

Overview

Fund Classification

The Purchasing & Warehouse Fund is classified as an internal service fund, which falls under the category of proprietary funds. Internal service funds are used to account for operations that provide goods or services to other departments within the City on a cost-reimbursement basis.

Purpose of the Fund

The Purchasing & Warehouse Fund supports centralized procurement, inventory management, and internal supply services for City departments. This internal service model allows for streamlined purchasing practices, improved inventory control, and operational efficiency across the organization.

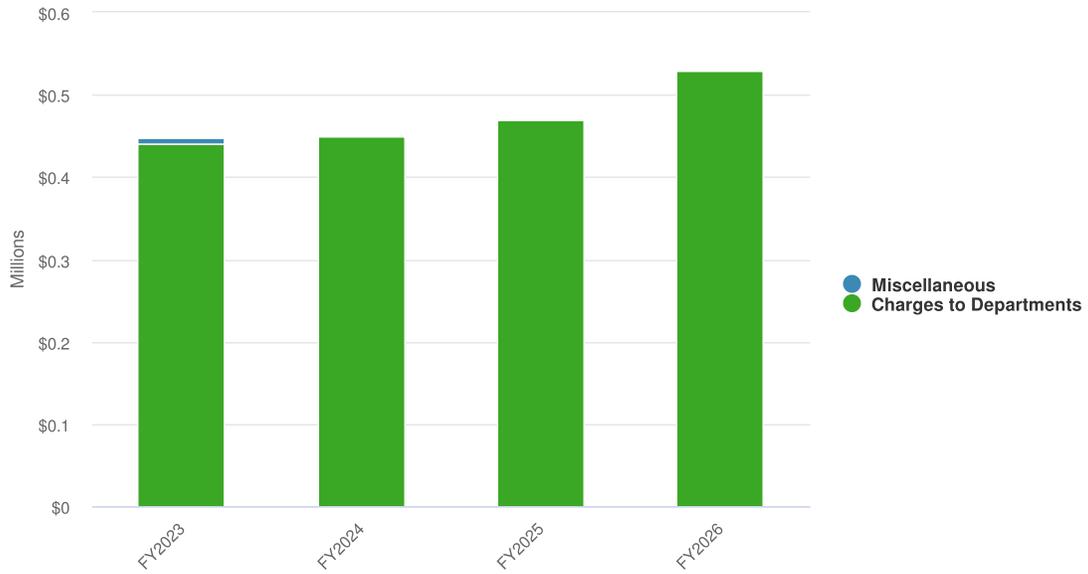

Key responsibilities of the fund include:

- Centralized Procurement Services: Managing citywide purchasing processes, vendor relations, and bid solicitations in accordance with local and state procurement laws.
- Warehouse Operations: Maintaining inventory of essential supplies, safety gear, and frequently used materials to ensure quick internal fulfillment.
- Cost Allocation: Tracking and charging departments for materials and supplies on a usage basis, allowing for accurate budget accountability.
- Surplus Management: Disposing of obsolete equipment and surplus inventory in accordance with City policy.
- Contract Oversight: Supporting City departments in the development and administration of procurement contracts.

The fund is supported by interdepartmental charges that are calculated based on inventory usage and procurement support levels.

SELF INSURANCE FUND

Overview

Fund Classification

The Self Insurance Fund is classified as an internal service fund, a type of proprietary fund. Internal service funds are used to account for the financing of services provided by one department to other departments on a cost-reimbursement basis. In this case, the fund supports risk management and insurance-related functions across all City operations.

Purpose of the Fund

The Self Insurance Fund supports the City of Orem's risk management program, which includes liability coverage, property insurance, workers' compensation, and claims administration. Instead of purchasing all insurance coverage from external carriers, the City self-insures certain risks to better manage costs and claims outcomes.

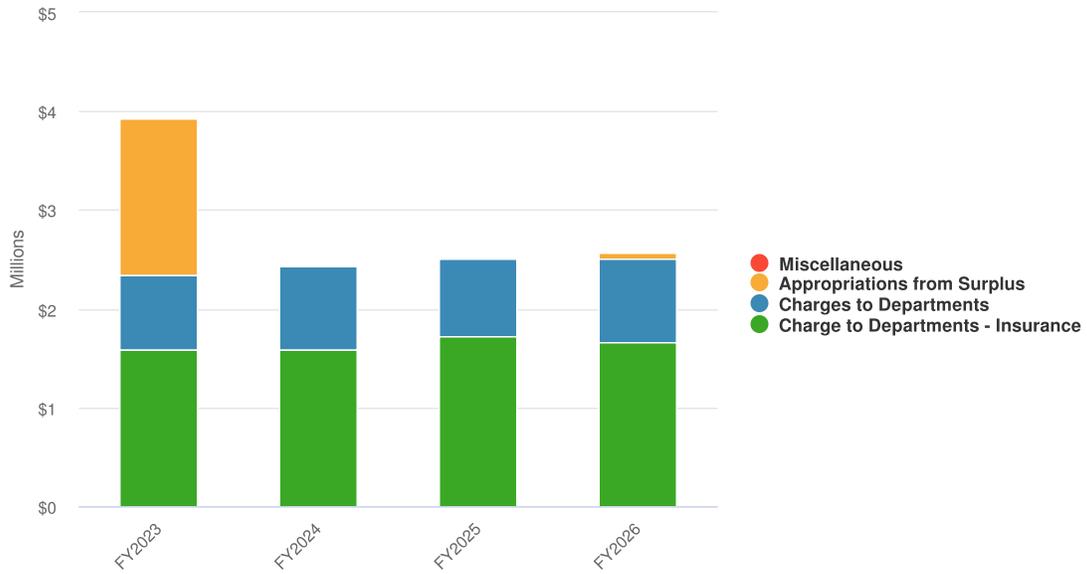

Key functions of the fund include:

- **Liability and Property Coverage:** Funding claims, deductibles, and premiums related to general liability, vehicle, and property incidents.
- **Workers' Compensation:** Administering claims and costs related to on-the-job injuries and occupational health compliance.
- **Claims Management:** Coordinating with third-party administrators, departments, and legal counsel to manage and resolve claims efficiently.
- **Loss Prevention and Safety Programs:** Supporting proactive efforts to reduce risk exposure through training, inspections, and best practices.
- **Cost Allocation:** Charging City departments based on risk exposure, claim history, and cost distribution models to ensure equitable funding of the program.

The fund is financed through interdepartmental charges and supplemented by stop-loss insurance for high-cost or catastrophic claims. This structure allows the City to manage predictable risk internally while maintaining external coverage for extraordinary events.

INFORMATION TECHNOLOGY FUND

Overview

Fund Classification

The Information Technology Fund is classified as an internal service fund, a type of proprietary fund. Internal service funds are used to account for services provided internally between departments, typically on a cost-reimbursement basis. This fund ensures that the City of Orem's technological infrastructure and applications are supported efficiently and equitably across all departments.

Purpose of the Fund

The Information Technology (IT) Fund supports the centralized planning, development, maintenance, and security of the City's technology infrastructure and enterprise applications. The fund is structured around two primary divisions:

IT Operations

- Oversees daily technology services including:
 - Desktop and network support
 - Server administration
 - Help desk services
 - Cybersecurity
 - Telecommunications and infrastructure
- Ensures all departments have secure, reliable access to computing resources, communications systems, and digital services.

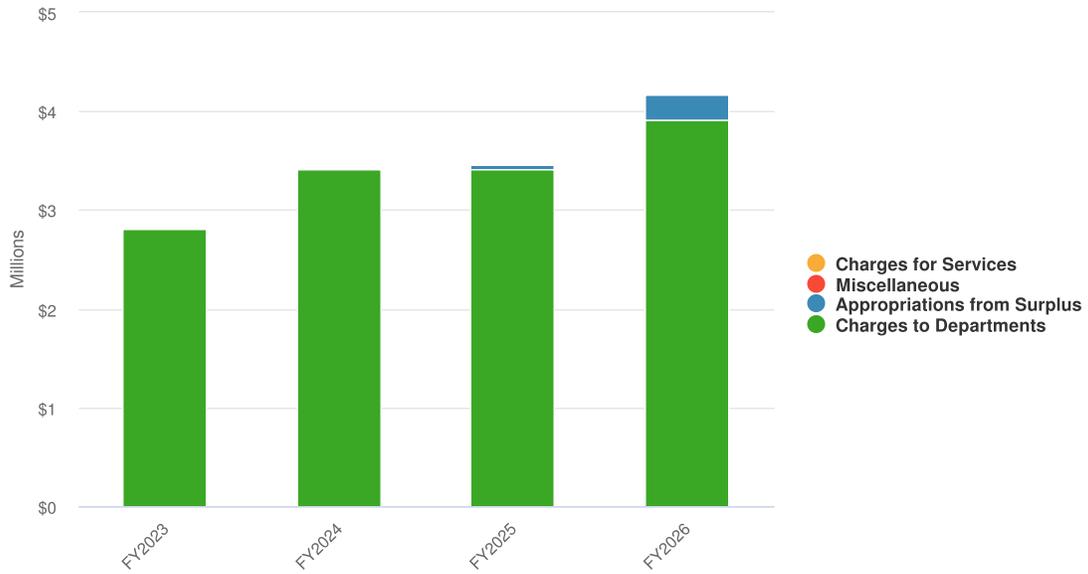

IT Development

- Maintains and enhances a suite of internally built software applications, tailored to the City's operational and customer service needs.
- Staff programmers design, develop, and support applications that streamline workflows, improve citizen engagement, and reduce dependency on costly third-party platforms.
- Applications include systems for budgeting, permitting, customer service, asset management, and internal reporting.

The fund is supported by annual technology service charges allocated to user departments based on system usage, number of supported users, and project demands.

FACILITIES MAINTENANCE FUND

Overview

Fund Classification

The Facilities Maintenance Fund is classified as an internal service fund, which falls under the broader category of proprietary funds. Internal service funds are used to account for operations that provide goods or services internally to other City departments on a cost-reimbursement basis.

Purpose of the Fund

The Facilities Maintenance Fund supports the operation, upkeep, and management of City-owned buildings and facilities. This includes preventive maintenance, routine repairs, custodial services, and oversight of facility-related capital improvements.

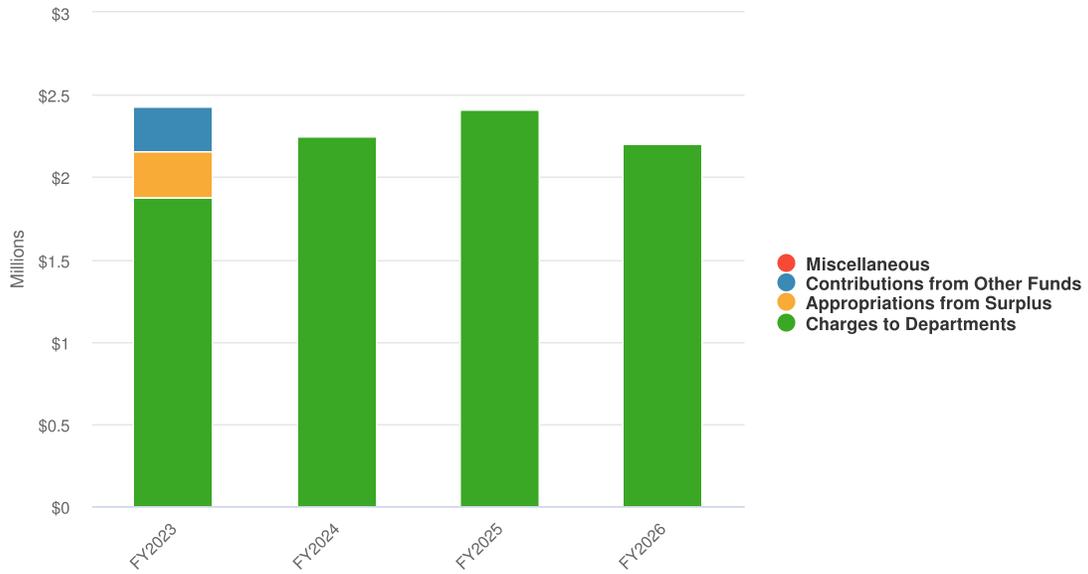

Key responsibilities of the fund include:

- HVAC, plumbing, and electrical system maintenance
- Custodial services and facility cleanliness
- Preventive maintenance programs to extend asset life
- Emergency and corrective repairs
- Capital facility upgrades, including ADA improvements and energy efficiency projects
- Work order management and building systems monitoring

This fund ensures consistent service levels and operating standards across all City facilities by centralizing building-related responsibilities. Costs are allocated to departments based on square footage, service levels, and use intensity.

OREM FOUNDATION TRUST FUND

Overview

Fund Classification

The Orem Foundation Trust Fund is classified as a fiduciary fund, specifically as a trust fund. Fiduciary funds are used to account for resources that are held by the City in a trustee or custodial capacity for the benefit of individuals, organizations, or other governments. In this case, the fund manages charitable contributions made to support a wide range of community-enhancing programs and services.

Purpose of the Fund

The Orem Foundation Trust Fund was established to manage donations received through the Orem Community Foundation, a registered 501(c)(3) nonprofit organization. The Foundation exists to support and enhance services and programs provided by the City of Orem that promote safety, health, education, community development, and quality of life for residents.

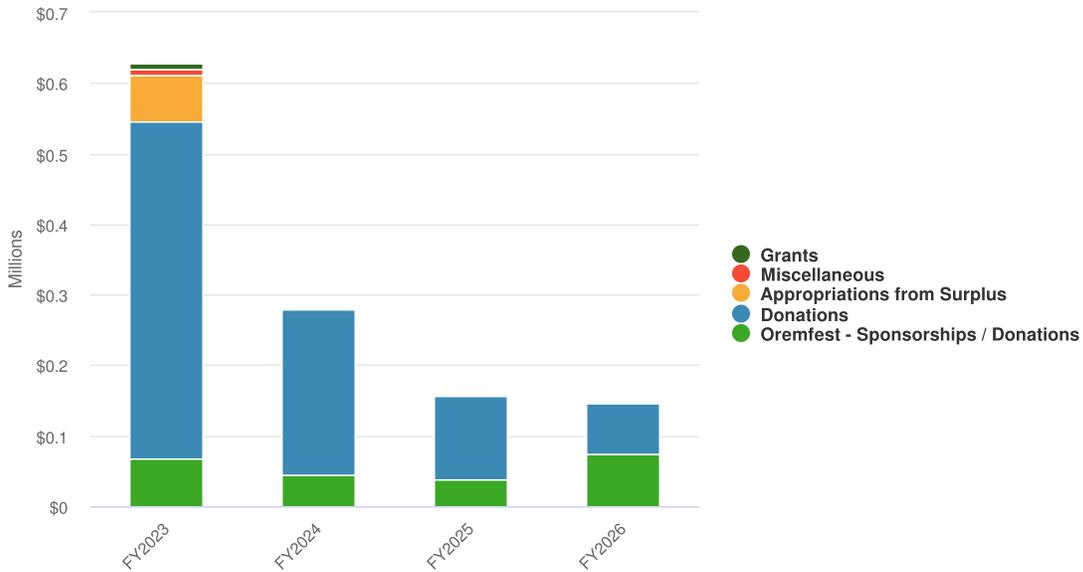

The fund helps administer private donations for public purposes, thereby lessening the financial burdens of local government and allowing for expanded or enriched community services. Donations held in the fund may support a wide range of City initiatives, including:

- Library services and literary/cultural arts programs
- Public safety initiatives, including police, fire, EMS, and community outreach
- Emergency preparedness and victim assistance programs
- Infrastructure enhancements, such as storm drains, water systems, and cemetery improvements
- Growth planning and development initiatives
- Community relations and human services programs
- Park development and beautification, including urban forestry and neighborhood preservation
- Recreation programs for all ages, from children to seniors
- Sustainability efforts, including recycling and environmental education

The fund provides a flexible and transparent mechanism for accepting, managing, and disbursing charitable donations in accordance with donor intent and City priorities.

COMMUNITY & NEIGHBORHOOD SERVICES FUND

Community & Neighborhood Services Fund

Overview

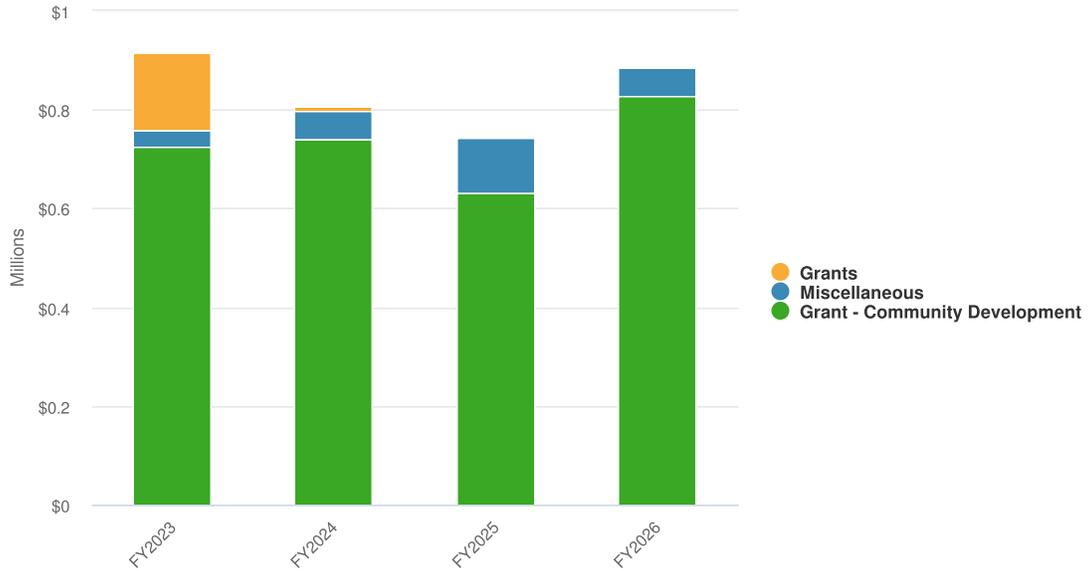

The Community Development Trust Fund, which is managed by the City Manager's Office, is used to account for support of local private, non-profit service organizations and various community projects to benefit low and moderate income (LMI) citizens.

Projects include qualified home rehabilitations, sidewalk and utility repairs in qualifying neighborhoods, economic development, neighborhood preservation enforcement, and many other beneficial programs. Funds used for service organizations are limited to fifteen percent (15%) by the federal government.

Revenues by Source

The CNS Fund is funded by federal grants and program revenues. Federal grants are primarily from the Department of Housing and Urban Development (HUD).

SENIOR CITIZEN FUND

Overview

Fund Classification

The Senior Citizen Fund is classified as a governmental fund, specifically as a special revenue fund. Special revenue funds are used to account for revenues that are legally restricted or committed to specific purposes, in this case, supporting senior services and programs within the City of Orem.

Purpose of the Fund

The Senior Citizen Fund supports the operation and programming of the Orem Senior Friendship Center and related senior services. This includes a wide range of activities and resources designed to promote wellness, social engagement, lifelong learning, and nutritional support for Orem's older adult population.

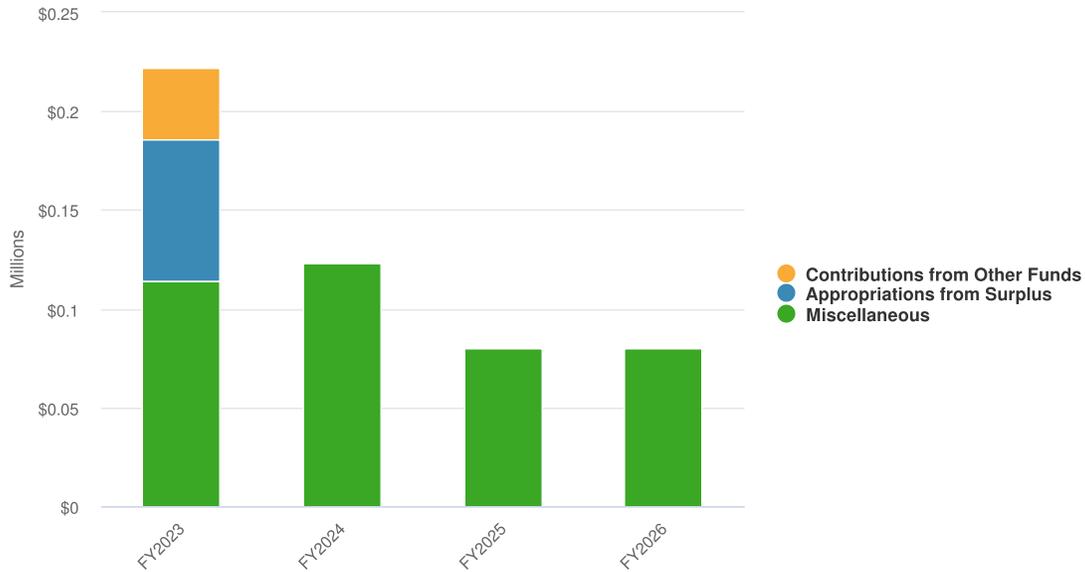

Key uses of the fund include:

- Daily operations and staffing of the Senior Friendship Center
- Recreational, educational, and wellness programming
- Senior meal programs, including congregate meals and other nutritional services
- Transportation assistance and outreach services
- Social services support, including referrals and community partnerships

Funding sources for this special revenue fund may include General Fund transfers, grants (such as those from the Mountainland Association of Governments or federal programs), donations, and user fees associated with classes or activities.

ENTERPRISE FUND TRANSFERS

ENTERPRISE FUND TRANSFERS

OVERVIEW

This section of the FY 2025-2026 Tentative Budget outlines and summarizes the transfers of money from the City’s enterprise funds to other funds as required under Utah Municipal Code 10-6-135.5(3)(b).

The City of Orem’s enterprise funds consist of the following:

- Water Fund
- Water Reclamation Fund
- Storm Water Fund
- Recreation Fund
- Solid Waste Fund
- Special Service Lighting District of the City of Orem (*separately issued budget*)

TRANSFERS

The enterprise fund transfers that are not classified as an allocation of costs between funds, are not associated with costs pertaining to the purpose for which the enterprise fund was created, and will not be repaid are listed in the table below.

<u>TRANSFER FROM</u>	<u>TRANSFER TO</u>	<u>TRANSFER AMOUNT</u>	<u>% OF TOTAL ENTERPRISE FUND EXPENDITURES</u>
Water Fund	General Fund	\$ 900,000	4.01%
Water Reclamation Fund	General Fund	\$ 16,000	0.06%
Storm Water Fund	General Fund	\$ 141,000	2.00%
Special Service Lighting District of the City of Orem	General Fund	\$ 15,000	1.06%

Fitness Center Operations Requests

Itemized Requests for 2026-2031

Competition Pool Study and Leisure Pool Facilities

\$325,000

The competition pool was not updated when the fitness center was updated in 2021. We would like to consult an engineering firm to review the foundation, rebar, etc prior to investing in additional improvements around the pool area....

Total: \$325,000

Parks Requests

Itemized Requests for 2026-2031

Park Monument and Pillar Entrance Signs

\$275,000

Replace all existing wood pillar park signs with new precast concrete monuments and secondary pillar entrance signs at all city parks. The current prices for monument signs are \$2,025 (Vertical) and \$11,535 (Horizontal) from SJ Walker. I would...

Parks Fiber & Security Project

\$150,000

Parks Fiber Project In response to the increased vandalism problems we are having in the park's facilities, it was determined in Fall 2022, that we would begin installing Fiber Optics and security system solutions in all City Parks. I was...

Parks Sidewalk leveling / Safety project URMA

\$150,000

Every year during our Parks URMA inspection, there is growing concern about trip hazards on our sidewalks. For too long, we have deferred mitigating these risks by merely spraying them with fluorescent paint and documenting the process to "pass"...

Total: \$575,000

Cemetery Requests

Itemized Requests for 2026-2031

Lower Cemetery Irrigation Improvements

\$160,000

The current alignment of several main irrigation lines in the lower cemetery is poorly positioned, preventing the sale of approximately 1,070 funeral plots. This results in an estimated \$2,656,530 to \$4,042,460 in unobtainable revenue. We are...

Total: \$160,000

Storm Water Capital Projects Requests

Itemized Requests for 2026-2031

CAP-B2 - 400 South Drain Line - Phase 2	\$2,782,000
Continuation of storm drain that conveys water to the Provo River around 1000 E and 400 S.	
CAP-D - West Union Canal at 1385 S. Carterville Road	\$579,000
Canal abandonment project near University Parkway, likely deep sumps.	
CAP-FF - Center Street and 1330 W Diversion	\$113,000
Diversion, Ctr St and 1330 W @ WUC	
DBS4 - 424 E Detention Expansion	\$844,000
Underground detention in 2000 S near the 424 E Detention Basin.	
Miscellaneous Projects	\$1,687,000
Sinking fund for unplanned repairs and replacement.	
PN11 - 1420 N 1200 W Pipe Upsize	\$465,000
Upsizing pipe to increase capacity through Stonebrook Condominiums . There is some question about whether this will be needed after the extension of the pipe on 1600 N west of 1200 W.	
PN42B - 1600 N 1200 W Pipe Extension	\$746,000
Extend pipe from 1200 W to the west on 1600 N.	
PS22B - SW Orem North of Wilkerson Farms	\$1,577,000
Segment from Sandhill Road under I-15 to the Taylor Drain north of the Wilderson Farm property.	
PS23 - Taylor Drain Connection	\$999,000
Connects PS23B and PS6B, west of Wilkerson Farm.	
PS54 - West Union Canal (CAP-FF to Outfall)	\$1,444,000
Canal abandonment project	
PS56 - West Union Canal Abandonment Project (DD to FF)	\$260,000
Rehabilitate WUC pipe from DD to FF	
PS66A - West Union Canal Abandonment through Provo	\$1,246,000
Ties into Provo's system at ~2cfs.	
PS6C - 2000 S and Lakeview Parkway	\$300,000
MAG and UDOT will be covering most of this cost because Lakeview Parkway will drain into it. Con. rmed by Taggart. Suggested budgeting \$300k for it in case unexpected costs came up.	
SW01 - Lakeview Parkway Road Project	\$352,000
Storm Water portion of Lakeview Parkway Project.	
SW02-Geneva Road Widening Project	\$500,000
This should be covered by UDOT, but Taggart recommended to have \$500k as backup.	
System Replacement (Storm Water)	\$1,973,000
System replacement not related to a Master Plan project.	
Total: \$15,867,000	

Water Reclamation Treatment Requests

Itemized Requests for 2026-2031

Collection System Replacement	\$6,684,000
Replacement of aging sewer lines in the city.	
M1 - Frequent Maintenance Related Projects	\$3,398,000
As outlined in the master plan.	
M2 - H2S Rehabilitation Program	\$9,507,000
Pipe lining to rehabilitate sewer pipes.	
Misc Construction	\$696,000
Unplanned repair fund	
OWRF Components	\$1,897,000
Ongoing funding to replace aging equipment	
WRF10 - Maintenance Building	\$1,280,000
The current building does not meet numerous building and safety codes and is needed as a permanent site to store the city's . oat. The existing biosolids building will be repurposed as the maintenance building.	
WRF11 - Oxidation Ditch Improvements	\$8,661,000
Need the ability to direct RAS and primary effluent into the selected zones of the bioreactors for phosphorus and nitrogen control.	
WRF12 - Odor Control	\$2,712,000
Odor control units are past the end of their expected life.	
WRF13 - Grit Removal Improvements	\$2,193,000
Replace existing equipment that has reached its end of useful life.	
WRF14 & WRF15 - Primary Sludge Pump Station Improvements	\$3,448,000
Capacity and age issues with the pump station, plus electrical work.	
WRF17 - Return Pressate Equilization	\$682,000
Equalize the pressate return flows to the head of the facility.	
WRF18 - Sludge Thickening	\$7,128,000
Replacement of the sludge thickening process.	
WRF20 - Headworks	\$18,826,000
Replacement needed to comply with building and safety codes as well as replacement of aging equipment.	
WRF5 - Electrical Systems - Site Power	\$7,393,000
Age-related replacement of select electrical and instrumentation systems. It is very difficult if not impossible to get spare parts for existing equipment. Some electrical panels, motor control panels, and other equipment date back to 1983. These...	
WRF6 - Dewatering Facility Expansion	\$17,000,000
Equipment for dewatering was installed in 1999. It has served its purpose and is at the end of its expected useful life. A new facility is needed. The old building will be converted into a maintenance building.	
WRF7 - PLC SCADA Integration	\$1,423,000
Seventeen PLC systems at the facility were installed in 2011-2012. They are aging out. The life expectancy is 5-15 years depending on the environment they are in. The PLC's are considered a single point of failure and are at or have exceeded their...	

WRF8 - Primary Effluent/Mixed Flow Pump Station

\$2,878,000

There is no redundancy in this system. All pumps are used to convey mixed liquor to bioreactor 3. One set of pumps for primary e. uent and one set of pumps for RAS is needed. This will help with the process as step feeding will be an option.

Total: \$95,806,000

Water Capital Projects Requests

Itemized Requests for 2026-2031

SW2 - Lakeview Parkway road project pipe

\$907,000

2650 ft of new pipe associated with the Lakeview Parkway road project

SW3 - Geneva Road widening project

\$738,000

2100 ft of new pipe associated with the Geneva Road widening project

System replacement

\$14,535,000

Per Master Plan. This is to replace aging components of the system. The following projects are planned for FY26: 950 N between 800 E and 400 E: \$889,000 310 N 400 W: \$360,000 400 N 725 W: \$356,000 1200 N 400 E PRV: \$130,000 Others projects are being...

Unplanned repairs

\$661,000

Ongoing funding for major unplanned repairs.

W2 - Well #11 at 1600 N

\$5,672,000

A new well is planned just east of state street on 1600 N.

W3 - Well #1 Relocation

\$3,739,000

Replacement of Well #1 by drilling a new well in Hillcrest Park.

Waterline Replacement

\$6,183,000

Replacing undersized pipelines in the city.

Total: \$32,435,000

SEWER RATES

Fee Description	FY 2026 Adopted Fee
Monthly, All Uses:	
Rate (charge for one living unit)	\$21.82
Base Rate – Multiple Units:	
Charge for first living unit	\$21.82
Charge for each additional living unit	\$20.82
Volume Charge* (charge for every 1,000 gallons)	\$2.73

*Effective July 1 of each year, the monthly charge shall be based on the average winter water usage for the preceding months of December through February.

All non-residential sewer accounts will be billed using a water meter size multiplier using the American Water Works Association (AWWA) guidelines. Account holders for water meter sizes 2" and larger may request an adjustment to the multiplier based on qualifying site-specific criteria.

Water Meter Size	AWWA Multiplier
¾"	1.00
1"	1.67
1½"	3.33

City Service Area

Residential – City Service Area

City Service Area	ERU Demand	FY 2026 Adopted Fee
Single Family Residential per Unit	1	\$846.90
Multi-Family Residential per Unit*	0.88	\$747.54

*Multi-family ERU equivalency is based on the ratio of persons per multi-family household (see Table 5 of the Orem Parks Impact Fee Analysis).

Non-Standard Formula - City Service Area	FY 2026 Adopted Fee
Multiply Number of Fixture Units by Impact Fee per Fixture Unit	\$38.50

Non-Residential – City Service Area

Fixture Type	Drainage Fixture Unit Value as Load Factors	FY 2026 Adopted Impact Fee per Fixture Type
Automatic Clothes Washers, Commercial (footnote a,g)	3	\$115.49
Automatic Clothes Washers, Residential (footnote g)	2	\$76.99
Bathroom Group consists of Water Closet, Lavatory, Bidet and Bathtub or Shower (footnote f)	6	\$230.97
Bathtub - With/Without Overhead Shower or Whirlpool Attachments (footnote b)	2	\$76.99
Bidet	1	\$38.50
Combination Sink and Tray	2	\$76.99
Dental Lavatory	1	\$38.50
Dental Unit of Cuspidor	1	\$38.50
Dishwashing Machine, Domestic (footnote c)	2	\$76.99
Drinking Fountain	0.5	\$19.25
Emergency Floor Drain	0	\$0.00
Standard Floor Drains	2	\$76.99
Kitchen Sink, Domestic	2	\$76.99
Kitchen Sink, Domestic with Food Waste Grinder and/or Dishwasher	2	\$76.99
Laundry Tray (1 & 2 Compartments)	2	\$76.99
Lavatory	1	\$38.50
Shower Compartment, Domestic 5.7 gpm or less	2	\$76.99
Sink	2	\$76.99
Urinal (footnote d)	4	\$153.98
Urinal, 1 Gallon per Flush or Less (footnote d, e)	2	\$76.99

Non-Residential – City Service Area (continued)

Fixture Type	Drainage Fixture Unit Value as Load Factors	FY 2026 Adopted Impact Fee per Fixture Type
Wash Sink (Circular or Multiple) Each Set of Faucets	2	\$76.99
Water Closet, Flush-o-Meter Tank, Public or Private (footnote e)	4	\$153.98
Water Closet, Private Installation 1.6 gpf (footnote e)	3	\$115.49
Water Closet, Private Installation greater than 1.6 gpf (footnote e)	4	\$153.98
Water Closet, Public Installation 1.6 gpf (footnote e)	6	\$230.97

gpf = gallon per flushing cycle

Footnotes:

- a. For traps larger than 3 inches, use Table Uniform Plumbing Code Table 709.2.
- b. A showerhead over a bathtub or whirlpool tub attachment does not increase the drainage fixture unit value.
- c. See Uniform Plumbing Code Sections 709.2 through 709.4 for methods of computing unit value of fixtures not listed in this table or for rating of devices with intermittent flows.
- d. Trap size shall be consistent with the fixture outlet size.
- e. For the purpose of computing loads on building drains and sewers, water closets and urinals shall not be rated at a lower drainage fixture unit unless the lower values are confirmed by testing.
- f. For fixtures added to a dwelling unit bathroom group, add the drainage fixture unit value of those additional fixtures to the bathroom group fixture count.
- g. See Uniform Plumbing Code Section 406.3 for sizing requirements for fixture drain, branch drain, and drainage stack for an automatic clothes washer standpipe

Southwest Service Area

Residential – Southwest Service Area

Southwest Service Area	ERU Demand	FY 2026 Adopted Sewer Impact Fee
